So Roman:

Ancient Rome in So Many Words Christopher Francese, 2007 The word histories in this book use language as a window into the culture of ancient Rome The hidden stories behind common Latin words illustrate interesting aspects of Roman life while more rare terms shed light on noteworthy facets of this ancient culture Avoiding traditional caricatures of the Romans as uniquely noble or depraved this book uses the Latin vocabulary to figure out what mattered to the Romans themselves and how they thought about it Interweaving quotations anecdotes and analysis in a lighthearted and readable way Christopher Francese holds the mirror of language up to the obsessions and blind spots of the Romans and by extension to some of our own as well Back cover *The Civilian Legacy of the Roman Army*, 2024-06-24 The Roman army represented an important social and organizational reference model for the Romano Barbarian societies which progressively replaced the Western Empire in the transition from Late Antiquity to Early Middle Ages The great flexibility of the decision making and organizational solutions used by the Roman army allowed the new lords to readapt them and thus maintain power in early medieval Europe for a long time From a perspective ranging from political social and economic history to law anthropology and linguistic this book demonstrates how interesting and fruitful the investigation of this specific cultural imprint can be in order to gain a better understanding of the origins of the civilization that arose after the fall of the Roman world Contributors are Francesco Borri Fabio Botta Francesco Castagnino Stefan Esders Carla Falluomin Stefano Gasparri Wolfgang Haubrichs Soazick Kerneis Luca Loschiavo Valerio Marotta Esperanza Osaba Walter Pohl Jean Pierre Poly Pierfrancesco Porena Iolanda Ruggiero Andrea Trisciuglio Andrea A Verardi and Ian Wood **A Companion to Greek and Roman Historiography** John Marincola, 2010-12-09 This two volume Companion to Greek and Roman Historiography reflects the new directions and interpretations that have arisen in the field of ancient historiography in the past few decades Comprises a series of cutting edge articles written by recognised scholars Presents broad chronological treatments of important issues in the writing of history and antiquity These are complemented by chapters on individual genres and sub genres from the fifth century B C E to the fourth century C E Provides a series of interpretative readings on the individual historians Contains essays on the neighbouring genres of tragedy biography and epic among others and their relationship to history Ride or Die Kate Bridges, 2025-06-13 18 When an angel and a demon collide all hell breaks loose in the most sinful way Thrown together by chance their chemistry is explosive fiery touches breathless moans and nights that blur the line between pleasure and obsession But what neither of them knows is who they truly are to each other And when the truth surfaces it threatens to destroy everything She s light He s darkness And in their bed they re something in between something raw dangerous and addictively forbidden As secrets simmer beneath the surface every kiss becomes a risk Every whispered name a trigger And every time she calls him Daddy they both inch closer to a truth that could unravel them A scorching hot taboo romance filled with mystery tension and one earth shattering secret that changes everything For mature
