Laidlaw,2013-09 **Media-N Spring 2015 The Aesthetics of Erasure** New Media Caucus,2015-05-06 Against the backdrop of a longstanding practice of erasure both in artistic and critical work co guest editors Paul Benzon and Sarah Sweeney take up challenging questions related to the aesthetics of erasure today in the digital era They investigate new meanings and the relevance of said practice within twenty first century contemporary contexts typically defined by digital knowledge production preservation and sharing Contributing authors give expression to five sites of inquiry mapped by the editors within the expansive practice of erasure Power Capital Signal and Noise Technology and Archive Pat Badani Editor in Chief **Post-Arab Spring Narratives** Abida Younas,2023-04-15 This book looks at eight post Arab Spring novels in the context of Gilles Deleuze s and F lix Guattari s theory of minor literature Ahdaf Soueif Hisham Matar Karim Alrawi Youssef Rakha Yasmine El Rashidi Omar Rober Hamilton Saleem Haddad and Nada Awar Jarrar all focus on the Arab world in their work on the lives of ordinary and minority peoples and on the revolutions of their respective nations This volume shows how these contemporary Anglo Arab novelists exhibit linguistic experimentation akin to Deleuze s and Guattari s theory of deterritorialization but in a way that is unique to Anglo Arab writing The selected novelists repudiate the use of metamorphosis which is usually an essential part of the deterritorialization of a major language Instead their writings enact the minor practice of linguistic deterritorialization by using metaphor and by incorporating contemporary modes of protest like popular slogans tweets and chants These authors challenge the conventions of minor literature and by adopting this mode of deterritorialization foreground the experiences of officially silenced voices *Spring Shoots: Young Belarusian Poets in the Early Twenty-First Century* Arnold McMillin,2015-10-08 Spring Shoots introduces individually the early work of two score young Belarusian poets all of whom began writing a fter the start of the present regime This is the first such survey in any language including Belarusian All poetic illustrations are cited in the original and accompanied by English prose translations The poets work is presented in eight loosely thematic groups the historical heritage religion protest at alienation and repression use and defence of the language the lyrical impulse humour performance poetry and the theme of writing itself and poetic inspiration Also very important in these poems are the joys and tribulations of love By using the Belarusian language the poets are helping to save it from decades of erosion and o ficial devaluation so that their discussion of it is oft en poignant particularly as language is a central part of the also suppressed historical heritage Other types of verse such as humorous lyrical or that for performance are less central to the Belarusian situation but the angry and bitter protest poems serve as perhaps a release valve as small editions of poems are far less
