The Bevin Boy:

The Bevin Boy David Day,1995-01-01 **Bevin Boy - A Reluctant Miner** Reg Taylor,2004 This is the personal story of a Bevin Boy one of the band of boys recruited by Ernest Bevin during the Second World War to work in the coal mines the mining technology of the time the back breaking work the hazards and the discomforts His frequent amusing anecdotes together with his engaging observations of work mates serve as relief to this account of industrial slavery The description of various episodes both above and below ground level reveal his wry sense of humour author s escape comes about in an unexpected way and he eventually enters a more suitable professional area instructive and these memoirs are no exception

Called Up, Sent Down Tom Hickman,2016-08-04 At the outbreak of the Second World War the government short sightedly allowed thousands of miners to enlist in the armed services By 1943 the war effort was in danger of grinding to a halt because of a lack of coal In answer Ernest Bevin the Minister of Labour sought service volunteers and compulsorily sent 20 000 18 year olds who d expected to fight for their country down the mines with them Some were so angry that they preferred to go to prison The majority went to do their best But some were psychologically and others physically unsuited to such dangerous work Many were injured some died *Called Up Send Down* is an enthralling oral and social history of an episode of war that has never been fully told **The Forgotten Conscript** Warwick Taylor,1995 **Men in reserve** Juliette Pattinson,Arthur McIvor, Linsey Robb,2017-02-01 *Men in reserve* focuses on working class civilian men who as a result of working in reserved occupations were exempt from enlistment in the armed forces It uses fifty six newly conducted oral history interviews as well as autobiographies visual sources and existing archived interviews to explore how this group articulated their wartime experiences and how they positioned themselves in relation to the hegemonic discourse of military masculinity It considers the range of masculine identities circulating amongst civilian male workers during the war and investigates the extent to which reserved workers draw upon these identities when recalling their wartime selves It argues that the Second World War was capable of challenging civilian masculinities positioning the civilian man below that of the soldier hero while simultaneously reinforcing them by bolstering the capacity to provide and to earn high wages frequently in risky and dangerous work all which were key markers of masculinity *As I Recall* Derek Hollows,2008 There was an emergency arrangement to keep Britain s power stations working during the war which eventually took some 40 000 young national servicemen to work underground in the coalpits This book is a tribute to the Bevin Boys and to their mentors It also honours the memory of those who tragically lost their lives from 1943 to 1948 *Voices in the Dark* Derek Hollows,2010 This compilation of mining anecdotes honours the horses and pit ponies who in harsh and often intolerable conditions served and suffered to help win the coal It is also a tribute to those miners who cared for their charges with deep affection and compassion Our contributors many of whom were Bevin Boys give voice to innocent animals and by so doing they project a light that shines forth from a darkened world of toil and sacrifice for future generations to acknowledge and embrace They

represent all who love and revere God's creatures from whom we can learn so much and remind us of the abundant blessings bestowed upon mankind by our animal friends. They ask for so little, save tender care and repay us a thousandfold. Furthermore, they reveal the aesthetic talents inherent in the fabric and structure of mining communities where underground survival was at a premium, where tragedy was a frequent visitor and where courage, loyalty, comradeship and humour prevailed.
