Part 2 - Redemption Peter Lancett, 2005-04-01 *Shadow Masters* Daniel Estulin, 2010. Collaboration between governments, intelligence agencies, big business, drug traffickers, and terrorists line the pockets of the world's elite and contribute to the destruction of sovereign nation states **We Men of Ash and Shadow** H. L. Tinsley, 2020-09-03. There was a thin line between control and chaos. At least the people that Vanguard killed were real criminals: Perverts, rapists, and murderers. Nobody would lose any sleep over their deaths. Vanguard never did. Amidst the gas lamp shadows, former soldier turned mercenary John Vanguard hunts criminals at the behest of his corrupt employer, Captain Felix Sanguain. Shamed by his deserter past and seeking to make amends for his many misdeeds, a chance encounter with Tarryn Leersac, a skilled young woman who has fallen from the graces of high society, leads Vanguard to become an unlikely mentor. Charged with hunting down the killer of two guards left washed up on the banks of the canal, the further Vanguard delves into the underbelly of the city, the more he finds himself entangled in a web of secrets and lies. A prominent aristocrat is missing. Crime lords, con men, and harlots run amok, and the city teeters on the brink of another revolution. With his already precarious reputation hanging by a thread, Vanguard must piece together how and why the last war came to pass, find a way to earn redemption for his mistakes, and come to terms with the past in a city where few survive and even fewer can be trusted.
