Rutherford was a Labrador Retriever breeder and trainer for sixteen years. She is the author/coauthor of four books including the popular best seller *How to Raise a Puppy You Can Live With* (Note from Dogwise Publishing). Please be aware that this older title may recommend some training techniques that are now considered outdated. At the time of publication, the use of negative reinforcement and positive punishment were more widely used to teach certain types of behaviors, especially with dogs who display a high degree of resilience. We encourage owners to always use the least intrusive, minimally aversive methods possible. <https://m.iaabc.org/about/position-statements/lima>

Retriever Training Robert Milner, 2023-09-12
Through gentle training methods learned from Ray Hunt, the original horse whisperer, Robert Milner shows retriever owners how to train the hunting retriever by using its own natural tendencies instead of force. Supplemented with the latest scientific research on how dogs learn, Milner's easy step-by-step training regimen uses positive reinforcement to create the perfect hunting and at-home companion. There is no better training method for the hunter who wants a calm, steady, and obedient retriever. Milner, who has been training retrievers professionally for more than thirty years, reverses the trend of difficult dogs and difficult training methods and offers a system every hunter can easily understand and follow.
