The Beech Tree:

The Beech Tree Don Phelan, 2016 The Beech Tree introduces you to the lives of those who visited the tree and shared their lives their loves their hopes and dreams beneath the tree's dark green canopy and their curious inexplicable connection to one another The readers are introduced to Johnny and Margo the first characters to visit the tree just before Johnny ships off to fight in The Great War in 1918 We follow Johnny and Margo Johnny's lifelong albeit socially taboo friendship with his friend Bullet Joe Rogan a pitcher in the Negro Leagues Johnny introduces his granddaughter Debby to the tree in 1957 an era of bobby socks roller skating carhops and Elvis music and Debby meets Mason in 1967's Summer of Love just before Mason is drafted to fight in Vietnam For 30 years Debby wonders whatever became of the boy who changed her life Then she finds out Amazon Review Absolutely Fantastic by Rebecca Askew on June 11 2016 Definitely five stars I'd give ten if that were an option The characters were so real I could see myself in each of them The trains the places the philosophy and the tree were so poignant I cried laughed and cried again A truly excellent book This is the kind of book that makes you better for having read it

[Aquinas on Being, Goodness, and God](#) Christopher Hughes, 2015-03-05 Thomas Aquinas is one of the most important figures in the history of philosophy and philosophical theology Relying on a deep understanding of Aristotle Aquinas developed a metaphysical framework that is comprehensive detailed and flexible Within that framework he formulated a range of strikingly original and carefully explicated views in areas including natural theology philosophy of mind philosophical psychology and ethics In this book Christopher Hughes focuses on Aquinas's thought from an analytic philosophical perspective After an overview of Aquinas's life and works Hughes discusses Aquinas's metaphysics including his conception of substance matter and form and his account of essence and existence and his theory of the nature of human beings including his critique of a substance dualism that Aquinas attributes to Plato but is usually associated with Descartes In the final chapters Hughes discusses Aquinas's
