

Ready, Set, Throw!

MASTERING THE POTTERY WHEEL IN 10 STEPS

Throwing a vessel on the pottery wheel may look deceptively easy, but if you ask any master potter, it's a test of patience and practice. Whether you prefer a lathe wheel or an electrical one, these ten steps will help you become a throwing master!

TOOLS OF THE TRADE

Whether you're throwing on the wheel or hand-building your work, these tools are essential.

CHOOSING YOUR CLAY

Earthenware
Earthenware is the most common pottery material. It's made from natural clays and fired at a lower temperature than stoneware or porcelain. It's a good choice for beginners because it's forgiving and easy to work with.

Stoneware
Stoneware is a more durable pottery material. It's made from natural clays and fired at a higher temperature than earthenware. It's a good choice for more advanced potters because it's strong and holds its shape well.

Porcelain
Porcelain is a very fine pottery material. It's made from natural clays and fired at a very high temperature. It's a good choice for experienced potters because it's very strong and holds its shape very well.

SETTING UP AND THE SEQUENCE

<p>1 Clean the lathe for the day before. Check the motor, make sure the belt is tight, and the wheel is balanced.</p>	<p>2 The center will make the clay sit in the middle of the wheel. Use a centering tool to make sure the clay is centered and the wheel is balanced.</p>	<p>3 When you start to throw a piece, use your hands to hold the clay in place. Use your fingers to pull the clay up and down to shape it.</p>	<p>4 When you're done, use a rib to smooth the surface of the clay. Use a wire to cut the piece off the wheel.</p>	<p>5 Use your hands to shape the piece. Use your fingers to pull the clay up and down to shape it.</p>
<p>6 Use your hands to shape the piece. Use your fingers to pull the clay up and down to shape it.</p>	<p>7 Use your hands to shape the piece. Use your fingers to pull the clay up and down to shape it.</p>	<p>8 Use your hands to shape the piece. Use your fingers to pull the clay up and down to shape it.</p>	<p>9 Use your hands to shape the piece. Use your fingers to pull the clay up and down to shape it.</p>	<p>10 Use your hands to shape the piece. Use your fingers to pull the clay up and down to shape it.</p>

The Beginners Guide To Making Pottery
