Enterprise Architecture for Strategic Management of Modern IT Solutions Tiko Iyamu, 2022-03-15. The popularity of enterprise architecture (EA) has increased in the last two decades in both business and academic domains. Despite the cumulative interest from all sectors, the implementation and practice of EA have been entangled with numerous challenges and complexities. Consequently, some organisations continue to theorise the concept, which has ramifications on practice and ROI. This has led to many studies that have been conducted to understand the complexities impacting the implementation and practice of EA in organisations. Yet, the trajectory of some convolutions remains a mystery in many quarters. This attributes to the struggle to articulate the value of EA in many environments. Hence, many organisations find it difficult to apply EA for
