Stray Horse:

Wild Horse Country David Philipps, 2017-10-10 The insightful and even handed Outside story of a heroic animal whose existence is in danger The wild horse popularly known as the mustang is so ingrained in the American imagination that even those who have never seen one know what it stands for freedom independence the bedrock ideals of the nation But in modern times it has become entangled in controversy and bureaucratic mismanagement and now its future is imperiled In *Wild Horse Country* Pulitzer Prize winning New York Times reporter David Philipps traces the rich history of wild horses in America and investigates the shocking dilemma they pose in our own time **The Wild Horse Dilemma** Bonnie U.

Gruenberg, 2016-04-16 Tirades and threats Hyperbole and deception Changing landscapes and immutable opinions Living traditions and dead animals The conflicts that rage around the wild horses of the Atlantic coast can be loud confusing and downright vicious Wild horses have lived on these barrier islands for hundreds of years and many people would like to see them remain Horse advocates and horse detractors alike turn to research to support their claims but often reach different conclusions from the same information Engaging the reader at every turn of the page Bonnie Gruenberg frequently breaks new ground as she separates fact from myth and exposes the roots of issues for the reader to consider She does not flinch from probing questions Are these horses wild or feral Native or exotic Were Chincoteague Ponies used in bioweapons research Did the U S Coast Guard patrol East Coast beaches with Western mustangs in WWII How does the condition of lactating mares predict environmental health She weaves a story of ancient origins and current events hard science and fiery passion The result is the most comprehensive and factual reference on the wild horses of the Atlantic coast **Stray Horse**
