

INTERNET SAFETY

I have a Safety Network.

My accounts are set to private.

I have strong passwords which are hard for someone to guess.

I know not to give out private details such as my address, phone number, date of birth or my school's name to anyone online.

I have switched off location on my devices.

I only use my device in public spaces.

I only accept friend requests from people I know.

My trusted adults know who I am chatting with online.

I don't meet people from online in real life without my safe adult knowing and coming with me.

I know to tell a trusted adult if I see something unsafe online, someone asks me to keep a secret or asks for private pictures of me.

I don't post harmful or mean content and I am always respectful online.

I ask for a person's consent before I post or share about them.

I would not care if the whole school knew what I posted or shared.

I have a safe adult I can talk to if anything online or offline makes me feel uncomfortable or unsafe.
