Through the MOONgate is the true story of a young woman s life in China A life of privilege and poverty of romance and adventure of humor and sorrow but most of all a life filled with unforgettable characters tempered by the forces of revolution Muse was born in Siberia as her parents fled from the Russian revolution and grew up in Shanghai where her family found refuge and later in the fascinating European colony of Tsingtao Vivid in description are her recollections of times in China during Japan s occupation including an encounter with Mao Tse tung in the mountains of Laoshan Tragically widowed at an early age the she overcame incredible obstacles to create a new life for herself and her two young children As communist forces seized power in China they escaped on the last ship to leave the port of Tsingtao for the United States of America Through the MOONgate is an adventure and a glimpse into a human life courageously lived *Beyond the Moongate* Elizabeth Quan,2013-03-12

MOONGATES DOTTED THE LANDSCAPE OF OLD CHINA Ancient Chinese architects had sculpted stone piled on sculpted stone to form round doorways with the spiritual symbolism of the full moon To step through one of these doorways was to step into a world of peace and happiness And so it was in the 1920s that the Lee King family father mother and six children aged ten months to seven years traveled from their home in Canada across the Pacific Ocean to inland China There they had the opportunity to step beyond the moongate into a land not yet touched by modern warfare or political unrest The story of the moongate tells of the two golden years the family spent with Grandmother in a remote village in the south which hadn t changed for centuries Step inside and live the long lazy days of a China forever gone The moongate beckons [Moon Gates](#) Rohan Singh,AI,2025-02-27

Moon Gates explores the fascinating history of lunar portals and celestial gateways examining how various cultures have perceived the moon not just as a celestial body but as a symbolic gateway to other realms This book argues that the enduring motif of lunar portals reveals a fundamental human desire to transcend earthly limitations and connect with the divine From ancient religious rituals to modern art the moon s symbolism reflects humanity s spiritual aspirations and its profound relationship with the cosmos The book begins by introducing lunar portals in folklore then delves into lunar symbolism within ancient religions tracing the evolution of lunar gateway myths across civilizations By deconstructing the psychological and philosophical implications of these myths Moon Gates offers a comprehensive look at how they have impacted human consciousness The study draws from ancient texts folklore archaeological findings and ethnographic research to provide a holistic interpretation of the moon s symbolic power **The Moon Gate** Calvin L. Reactive Publishing For decades the Moon has been portrayed as a barren rock a silent witness to the cosmos But what if that was a lie What if our nearest

celestial neighbor hides the most explosive secret in human history In *The Moon Gate* R E Winter takes you beyond the sanitized photographs and staged narratives of official space agencies to reveal shocking evidence of alien outposts ancient ruins and a war fought in the shadows above our heads Drawing from leaked documents astronaut testimony and declassified intelligence this book exposes The mysterious structures NASA tried to erase from lunar imagery The forgotten civilizations that may have once thrived on the Moon The covert missions to recover lost alien technology How an ancient conflict fought between Earth the Moon and beyond still shapes our destiny today If you ve ever wondered why we haven t returned to the Moon or why humanity s space exploration has stalled for half a century prepare yourself The truth will shatter everything you thought you knew about our place in the universe The Moon is not dead It s a gateway And someone or something is guarding it
