A Collection of Scarce and Valuable Tracts, on the Most Interesting and Entertaining Subjects ,1750 **Essays and Writings on Love and Women's Issues: The Collection, Vol. I (2012-2019)** B. A. Hunter,2025-10-06 This work contains the earliest blog articles from the author written between the years of 2012 2019 Ranging from mere poetic reflections of the author s traditionalist perspectives on love romance and culture to political commentary and legal and historical scholarly essays on the issues of sex and gender roles the author takes a no holds barred attitude persistently ripping into everyone both feminists antifeminists and every ideology in between and taking a decidedly nasty and brutal bite out of the so called manosphere and the blatant hypocrisies inherent in modern day conservatism Never truly on the Right and never truly on the Left and probably pleasing absolutely nobody the reader can easily note the change as the years go by with the articles undergoing a plain transformation from being shorter and relying more heavily on inter peer and social connections to blossoming into mere solitary legal historical scholarly works that span the length of dozens of pages as both the maturity and education of the author deepens A subtle change in perspective and attitude of the author can also be noted where feminism though never proclaimed nor upheld as a social good is blamed less and less over time for all of modern society s ills

Philo they have essentially been misplaced as far as the average student of the Bible is concerned Now the translation of the eminent classicist C D Yonge is available in an affordable easy to read edition with a new foreword and newly translated passages and containing supposed fragments of Philo s writings from ancient authors such as John of Damascus The title and arrangement of the writings have been standardized according to scholarly conventions A contemporary of Paul and Jesus Philo Judaeus of Alexandria Egypt is unquestionably among the most important writers for historians and students of Hellenistic Judaism and early Christianity Although Philo does not explicitly mention Jesus or Paul or any of the followers of Jesus Philo lived in their world It is from Philo for example that we learn about how like the Gospel of John Jews and Greeks in the Greco Roman world spoke of the creative force of God as God s Logos Philo too employs interpretive strategies that parallel those of the author of Hebrews Most scholars would agree that Philo and the author of Hebrews are drawing from the same or at least similar traditions of Hellenistic Judaism With these kind of connections to the world of Judaism and early Christianity Philo cannot be ignored
