Theater Management Handbook:

The Theater Management Handbook Richard E. Schneider, Mary Jo Ford, 1999 Whether you're a promoter, theater operator, manager, or bookkeeper, *The Theater Management Handbook* will give you all the information you need to run an efficient production from start to finish. Covering everything from advanced ticket sales to payroll, you'll find sound instruction along with dozens of forms, charts, formulas, and contracts you can tailor to meet your business needs.

The Stage Management Handbook Daniel Ionazzi, 1992-04-15 The stage manager is the renaissance man of the theater. He or she must have a working knowledge of how the various technical aspects of the theater work: scenery, props, costumes, lights, and sound. He or she is part director, part playwright, part designer, and part producer, and he or she must be prepared to act as confidant, counselor, and confessor to everyone else in the company. This book addresses all of these considerations in detail and offers the reader, professional or amateur, veteran or beginner, helpful guidance and practical advice supported by many forms and examples to illustrate the points covered in the text. The three phases of mounting and performing a show are covered. Part I takes the reader through the pre-production phase: research, the script, planning, and organization, and auditions. Part II covers the rehearsal process: rehearsal rules, blocking, cues, prompting, information distribution, technical, and dress rehearsals. Part III discusses the performance phase: calling the show, maintaining the director's work, working with understudies and replacements, and more. Part IV provides insights into the organizational structure of some theaters and aspects of human behavior in those organizations. Many stage managers of long-running commercial productions believe that once the show is up and running, only ten percent of their work is related to everything covered in Parts I, II, and III. The other ninety percent is associated with issues in Part IV: managing human behavior and maintaining working relationships.
