Snow,Hugo B. Froehlich,1920 A treatise on the appreciation and enjoyment of color in everyday life published for the average man as opposed to the physicist the chemist or the artist to whom many previous color books appealed The Theory and Practice of Color (Classic Reprint) Bonnie E. Snow,2017-06-21 Excerpt from *The Theory and Practice of Color* Though living in a world of Color and forced by the nature of all created things to the daily and hourly use of Color the average man is densely ignorant of any laws or principles which will guide him in its intelligent use He has been sailing in

uncharted seas and as a result he has often found himself upon the rocks of discordant and irritating Color combinations in his home in his dress and in his efforts to meet the demands of business advertising About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
