Mediums, Monks, and Amulets Pattana Kitiarsa, 2012-08-15

Mediums Monks and Amulets is a sophisticated yet accessible study of the state of popular Buddhist beliefs as they are practiced in Thailand today Using a combination of focused case studies and analysis Pattana Kitiarsa explores the nature and evolution of popular Buddhism over the past three decades by focusing on those individuals who practice popularize and profit from it The case studies profiled in this book include prominent spirit mediums and magic monks the lottery fever surrounding the posthumous cult of folk singer Phumphueng Duangchan the Chatukham Rammathap amulet craze and the cult of wealth attributed to preeminent monk Luang Pho Khun It also explores the history of both popular and official opinion surrounding supernatural Buddhism and its clashes with the rationalist modernizing policies of Thailand's monarchy and government Mediums Monks and Amulets contests the viewpoint that supernatural elements within popular Buddhism are a symptom of the decline of the religion Instead it argues that this hybridity between traditional Buddhist beliefs and elements from other religions is in fact a symptom of the health and wealth of Buddhism as it negotiates large scale commercialization and global modernity What others are saying Pattana Kitiarsa's ability to weave his personal experiences in with sophisticated anthropological methods makes this book a fascinating and moving read It is a welcome addition to the field and should be read by everyone interested in religion and modernity in Southeast Asia and beyond Justin McDaniel author of *Gathering Leaves and Lifting Words* 2008 and *The Lovelorn Ghost and Magical Monk* 2011 *Medium Monks and Amulets* sheds light on the changing landscape of contemporary Thai religion that is increasingly influenced by prosperity cults from both inside and outside the Buddhist establishment This book helps us to make sense of the religious universe where magic monks spirit mediums amulets deities and other religious commodities of different sorts keep appearing endlessly Phra Paisal Visalo Highlights Focused case studies on individual cult practices including magic monks spirit mediums amulet cults and other prosperity cults Written by the perspective of an anthropologist who is also a follower of popular Buddhism Discusses not only the interaction of popular Buddhist practices with modern day lawmakers but also of nineteenth century royal interaction with supernatural cults

Nietzsche's Gods Russell Re Manning, Carlotta Santini, 2022-10-24 The place or absence of God in Nietzsche's thought remains central and controversial Nietzsche's proclamation of the death of God is one of the most famous and parodied slogans in modern philosophy seeming to encapsulate the nineteenth century loss of religious faith in the affirmation that God has turned out to be our oldest lie and yet the nature of Nietzsche's own theology is far from clear This volume engages with Nietzsche's arguments about God theology and religion The volume extends the discussion to an engagement of Nietzsche with alternative models of God with ancient Greek religions and with discussions of diversity race class gender sex in dis conjunction with religion The chapters examine Nietzsche's genealogy of religion and his claims about the place of God and theology in the history of Western thought that faith of the Christians which was also Plato's faith as well as his engagements with alternative conceptions of God The volume also examines the historical and contemporary reception of Nietzsche's arguments about God by religious and non religious thinkers asking to what extent Nietzsche's philosophy of God speaks to the challenges of today's globalized philosophy and religion
