Two movements for string quartet Simon Holt,2001 **Two Movements for String Quartet** Horace Keats,2001
Two Movements for Strings Koh-Ichi Hattori,1980 *Zwei Sätze für Streichquartett oder Streichorchester* Franz Liszt,1985 [Two movements for string quartet \(1956\)](#) Eugene Hartzell,2005 *String quartet (no. 13)* William Alwyn,John Clay Dressler,1936 **Two movements for strings** Koh-Ichi Hattori,1980 **STRING QUARTET in Two Movements** John Klopotoski,2020-09-07 Musical composition for String Quartet 2 movements approximately 13 minutes **First string quartet** Robert Parris,1951 **Dancing Out of the Earth** James Tyler Jones,2019 The string quartet is an ensemble I have always found to be immensely earthy The contrast between the purity of bowed string sounds and the percussive wooden body of the instruments is of particular interest to me These two contrasting qualities led me to compose a pair of movements for the ensemble a format that allows for a number of immediate juxtapositions and explorations of distinct characteristics in consecutive pieces The title of this two movement work *Dancing out of the Earth* comes from my fascination with the idea of a primeval pulse that begins in the soil and rises up through all things whether living or inanimate This idea of earthiness overlaps with my rhythmic metric language particularly with regard to my lifelong exploration of world music traditions None have been more impactful for me than the asymmetrical compound meters of East European folk music and the polyrhythmic structures of West African dance drumming both of which guide the form and textures of the first movement which is titled *fiddle tune* and *experimentations* The second movement incorporates some of the earliest musical sketches I ever wrote fragments put to paper when I was around ten years old These sketches utilize very sparse pitch materials taken entirely from the C Ionian collection except for a single A flat This second movement an elegy was completed in the aftermath of the 2018 Pittsburgh synagogue massacre The movement is dedicated to the victims of that atrocity and to all victims of gun violence in America **Holt, S Two Movements for String Quartet Score** Bish Bash Books,2001 *Six quatuors concertantes, Opus 2* Franz Asplmayr,1999-01-01 *Beethoven's Theatrical Quartets* Nancy November,2014-01-09 Beethoven s middle period quartets Opp 59 74 and 95 are pieces that engage deeply with the aesthetic ideas of their time In the first full contextual study of these works Nancy November celebrates their uniqueness exploring their reception history and early performance In detailed analyses she explores ways in which the quartets have both reflected and shaped the very idea of chamber music and offers a new historical understanding of the works physical visual social and ideological aspects In the process November provides a fresh critique of three key paradigms in current Beethoven studies the focus on his late period the emphasis on heroic style in discussions of the middle period and the idea of string quartets as pure autonomous artworks cut off from social moorings Importantly this study shows that the quartets encompass a new lyric and theatrical impetus which is an essential part of their unique explorative character **All Music Guide to Classical Music** Chris Woodstra,Gerald Brennan,Allen Schrott,2005-09 Offering comprehensive coverage of
