view to reveal a modernist whose response to the instabilities and violence of modernity touched universals of human experience Gillies' idiom was shaped by institutions for artistic production unique to Scotland But it was the politics of Scotland's connections to the rest of the British Isles that produced his mythic and misleading reputation New paintings and new meanings are uncovered placing the micro effects of modernity on mental health family and community in the wider contexts of war nationalism and public patronage McPherson also shows how this changing world led Gillies towards new applications of modernist expression Lavishly illustrated and referencing almost one thousand works this major reappraisal is an indispensable source on the cultural politics of a four nation state and the reception of modernism in Britain **Choice** Timothy Clifford, Royal Scottish Academy, 2005 Since taking the helm of the National Galleries of Scotland in 1984 Sir Timothy Clifford has overseen the acquisition of some of the finest and best loved works in the national collection This book chronicles the development of the collection under his directorship and casts light upon the wide range of acquisitions including the fascinating stories behind their purchase Lavishly illustrated highlights of the book include The Virgin Adoring the Sleeping Christ Child by Botticelli The Three Graces by Canova purchased jointly with the Victoria and Albert Museum London and the most recent major acquisition Venus Anadyomene by Titian Works from the Scottish National Gallery of Modern Art's internationally renowned Surrealist collection are also featured as well as paintings from the Scottish National Portrait Gallery Alastair Morton and Edinburgh Weavers Scottish National Gallery of Modern Art, Alastair Morton, 1978
