## **Winter In The Sun:**

*Winter Sun* Shi Zhi, 2012-02-01 Shi Zhi has been a major force in Chinese poetry since 1968 when several of his poems were circulated as secret handwritten manuscripts in the midst of China's Cultural Revolution. He gave voice to the aspirations of dispirited youth and although once relegated to obscurity he is today celebrated as one of China's most important cultural influences having spawned the modern Chinese poetry revolution of the 1980s. This bilingual collection of Shi Zhi's most significant poems featuring an afterword by the poet himself is the first book-length publication of his work in English. Born as Guo Lusheng in 1948 at the height of the Chinese Civil War, Shi Zhi joined the People's Liberation Army at the age of twenty-three. Discharged early, he entered into a period of severe depression and spent much of the next three decades living in mental hospitals under harsh conditions. Taking the pen name of Shi Zhi (meaning index finger) to evoke the image of people pointing at his back, he continued to write poetry through these tumultuous years, chronicling his journey from the heights of fame to the depths of institutionalism and ultimately to a final redemptive return to society in 2005. The voice of this besieged poet, burdened with exile and illness, captured the spirit of his generation and now inspires young readers. By presenting Shi Zhi's poems in chronological order, *Winter Sun* allows readers to appreciate the evolution of his poetry from his earliest work to his most recent poems. Masterfully translated by Jonathan Stalling and with an introduction by leading poetry critic Zhang Qinqin, this landmark collection ensures that Shi Zhi's poetry, so important to Chinese readers during the most challenging of times, will engage the hearts and minds of new readers the world over for years to come.

*Late Winter Sun* Alan Drummond Reid, 2012 Most would agree that people in so many walks of life have lost sight of the importance of treating one another with kindness and respect. In this inspired collection of poetry and prose, the author revisits what he considers to be life's core lessons for success and happiness. Through his recently retired eyes, he offers a personal retrospective as well as a prospective commitment to practice the lessons in this new stage of his life. Moreover, he shares hope that readers will not see these lessons as being reserved for days when they can enjoy the late winter sun, rather that they will see them as compatible with any journey through life at any stage on whatever path they follow in the world, whatever their goals may be.

**Earth Sheltered Housing** Max Terman, 2012-12-06 One of our most important objectives as humans have provided basic principles from scientific man is to discover and pass on ways of living. Journals and books summarize the experience with our environment. Every form of life in the sciences of people actually living in earth sheltering, including human, depends on nature's ability to naturally produce clean air, pure water, and fertile soil. In the growth and development of any field and to recycle wastes, it is our duty to live in a manner of knowledge that enhances and preserves these natural requirements. Testing when concepts need to be re-evaluated, processes that enhance and preserve these natural requirements, the use of findings in the light of experience. Such is the case with earth cover to moderate and improve living with earth sheltering. A good foundation of conditions in buildings is an old but recently rediscovered principle.
