World Up Close:

Homegirls in the Public Sphere Marie Miranda, 2003-12-01 Girls in gangs are usually treated as objects of public criticism and rejection Seldom are they viewed as objects worthy of understanding and even more rarely are they allowed to be active subjects who craft their own public persona which is what makes this work unique In this book Marie Keta Miranda presents the results of an ethnographic collaboration with Chicana gang members in which they contest popular and academic representations of Chicana o youth and also construct their own narratives of self identity through a documentary film It s a Homie Thang In telling the story of her research in the Fruitvale community of Oakland California Miranda honestly reveals how even a sympathetic ethnographer from the same ethnic group can objectify the subjects of her study She recounts how her project evolved into a study of representation and its effects in the public sphere as the young women spoke out about how public images of their lives rarely come close to the reality As Miranda describes how she listened to the gang members and collaborated in the production of their documentary she sheds new light on the politics of representation and ethnography on how inner city adolescent Chicanas present themselves to various publics and on how Chicana gangs actually function *Fashion eBook* GURMEET SINGH DANG, **Digital Photography Hacks** Derrick Story, 2004 Presents a collection of tips on digital photography and digital cameras covering such topics as digital camera attachments nighttime photography using a flash using Adobe Photoshop and printing photographs **Transcultural Nursing - E-Book** Joyce Newman Giger, Yolanda M. Powell-Young, 2024-05-20 Selected for 2025 Doody s Core Titles in Community Health Provide quality care for clients from culturally diverse backgrounds Transcultural Nursing 9th Edition shows you how to apply assessment and intervention strategies to individuals from a variety of different cultures Based on Giger and Davidhizer s unique transcultural model this text helps you deliver culturally sensitive care with use of the six key aspects of cultural assessment communication time space social organization environmental control and biologic variations Practical real world coverage shows how an understanding of cultural variations and individual patient needs will help you promote safe and effective care UPDATED Content throughout reflects the latest research and thinking related to transcultural nursing as well as updated Census data UPDATED Cultural chapters reflect the shifting experiences of cultural groups in our society NEW Jamaican Americans chapter addresses the unique cultural and healthcare needs of this population UNIQUE Individual chapters on the six key aspects of cultural assessment allow you to also apply the Transcultural Assessment Model to cultures not covered in the text Twenty four chapters on specific cultural groups apply this assessment model to the clients most commonly encountered in United States healthcare settings Case studies and critical decision making questions in each chapter help you apply the assessment framework in practice Client care plans in culture specific chapters demonstrate how to apply principles to specific client needs Coverage includes information on biological differences among individuals of different racial groups differences in drug interaction and metabolism specific to various ethnic groups and clustering of

certain pathologies in specific racial groups Discussions of spirituality throughout the text present a holistic approach to culture and beliefs that provides a more integrated approach to assessment Review questions in each chapter with answers found in the back of the text help reinforce knowledge *Anthropology for Development* Robyn Eversole,2017-10-24

Anthropology for Development From Theory to Practice connects cross cultural social theory with the concerns of development policy and practice It introduces the reader to a set of key ideas from the field of anthropology of development and shows how these insights can be applied to solve real world development dilemmas This single accessibly written volume clearly explains key concepts from anthropology and draws them into a framework to address some of the important challenges facing development policy and practice in the twenty first century poverty participation sustainability and innovation It discusses classic critical and ethnographic texts and more recent anthropological work using rich case studies across a range of country contexts to provide an introduction to the field not available elsewhere The examples presented are designed to help development professionals reframe their practice with attention to social and cultural variables as well as understand why mainstream approaches to reducing poverty raising productivity delivering social services and grappling with environmental risks often fail This book will prove invaluable to undergraduate and postgraduate students who are professionals in training in development studies programs around the world It will also help development professionals work effectively and inclusively across cultures tap into previously invisible resources and turn current development challenges into opportunities
