Ching-I Tu, 2017-11-30 In recent years in the West scholars have attempted to unravel old constructs of interpretation and understanding using the discipline of hermeneutics or the scientific study of textual interpretation Borrowed from students of the ever growing body of biblical interpretive literature that originated in the early Christian era theoretical hermeneutics has given many contemporary scholars potent tools of textual interpretation *Classics and Interpretations* applies this method to Chinese culture Several essays focus on hermeneutic traditions of Neo Confucianism Others move outside of these traditions to attempt an understanding of the role of hermeneutics in Taoist and Buddhist textual interpretation in Chinese poetics and painting and in contemporary Chinese culture This volume makes a concerted effort to remedy our ignorance of the Chinese hermeneutical tradition Part 1 *The Great Learning and Hermeneutics* demonstrates the use of commentary to define how the individual creates his social self and discusses differing interpretations of the Ta hsueh text and its treatment

as either canonical or heterodox Part 2 Canonicity and Orthodoxy considers the philosophical touchstones employed by Neo Confucian canonical exegetes and polemicists and discusses the Han canonization of the scriptural Five Classics while illuminating a double standard that existed in the hermeneutical regime of late imperial China Part 3 Hermeneutics as Politics discusses the transformation of both the classics and scholars and explores the dominant hermeneutic tradition in Chinese historiography the scriptural tradition and reinterpretation of the Ch un ch iu and reveals the pragmatism of Chinese hermeneutics through comparison of the Sung debates over the Mencius The concluding sections include essays on Chu Hsi and Interpretation of Chinese Classics Hermeneutic Traditions in Chinese Poetics and Non Confucian Contexts Reinterpretation of Confucian Texts in the Ming Ch ing Period and Contemporary Interpretations of Confucian Culture Through these literate and brilliantly written essays the reader witnesses not merely the great breadth and depth of Chinese hermeneutics but also its continuity and evolutionary vigor This volume will excite scholars of the Confucian Buddhist and Taoist systems of thought and belief as well as students of history and hermeneutics

The chapters are united by the consistent theme of the obligation to engage with the challenges that emerge from the tension between the doctrinal traditions of Christianity and the need to reconsider them in light of and in response to the fact of religious otherness. As a whole these reflections are motivated by the desire to bring together a significant selection of different theological approaches that have been developed and appropriated in order to engage with religious difference in the past and present as well as to suggest possibilities for the future. This confluence of perspectives reveals the complexity of theological reflection on religious diversity and gives some indication of future challenges that must be acknowledged and perhaps successfully met in the ongoing attempt to address a universal reality in light of traditional doctrinal particularities and cultural concerns **Introduction to World Religions** Christopher Partridge, 2018-07-01 This leading textbook for world religion is designed to help students in their study and research of the world's religious traditions. Known and valued for its balanced approach and its respected board of consulting editors, this text addresses ways to study religion, provides broad coverage of diverse religions, and offers an arresting layout with rich illustrations. Introductory sections on understanding religion and the religions of antiquity lay the foundation for the study of the numerous religious traditions highlighted in the volume, including indigenous religions, Hinduism, Buddhism, Jainism, Judaism, Christianity, Islam, Sikhism, and Chinese, Korean, and Japanese religions. The user-friendly content is enhanced by charts of religious festivals, historic timelines, updated maps of the world's religions, and a useful glossary. Both historical overviews and modern perspectives for each religion are included. This third edition has several updates, including a new design, a new section on women and religion, and a newly revised section on religions in today's world **Anthology of Asian Scriptures** Robert E. Van Voorst, 2001 This reader contains some of the most notable and instructive scriptures of the major Asian religions: Hinduism, Buddhism, Jainism, Sikhism, Confucianism, Taoism, Shinto, and Zoroastrianism. It is a comprehensive and pedagogically sound presentation of the sacred literature of Asia. A clear and consistent organization makes the text easy to use and understand. The first chapter examines the general phenomenon of scripture in the world's religions, its nature, use, and place in modern scholarship. Chapter 1 also introduces the reader to the art of reading scripture with practical suggestions, a pronunciation guide for foreign words, and other pedagogical aids. Each subsequent chapter presents the scripture of a single religion. Three or four vignettes about scripture and its usage open the chapter to draw the reader's interest and imagination. Then an introduction sets the context by explaining the overall structure, origin, development, and use of the scripture in its religion **Discourse in Dialogue** Pat F. Rossi, 2014-07-24 *Discourse in Dialogue: Reflections in Fundamental Philosophical Theology* is a project which considers fundamental theological and
