## **The Feminist Reader:**

**The Feminist Reader** Catherine Belsey, Jane Moore, 1997-05-21 This edition includes Toni Morrison's discussion of a Hemingway short story Line Pouchard's reading of Radclyffe Hall's *Well of Loneliness* Marjorie Garber on Elvis and cross dressing and Diane Elam on the relation between feminism and postmodernism *The Feminist Reader* Catherine Belsey, Jane Moore, 1997 *The Essential Feminist Reader* Estelle Freedman, 2007-09-18 Including Susan B Anthony Simone de Beauvoir W E B Du Bois Hélène Cixous Betty Friedan Charlotte Perkins Gilman Emma Goldman Guerrilla Girls Ding Ling Audre Lorde John Stuart Mill Christine de Pizan Adrienne Rich Margaret Sanger Huda Shaarawi Sojourner Truth Mary Wollstonecraft Virginia Woolf The *Essential Feminist Reader* is the first anthology to present the full scope of feminist history Prizewinning historian Estelle B Freedman brings decades of teaching experience and scholarship to her selections which span more than five centuries Moving beyond standard texts by English and American thinkers this collection features primary source material from around the globe including short works of fiction and drama political manifestos and the work of less well known writers Freedman's cogent Introduction assesses the challenges facing feminism while her accessible lively commentary contextualizes each piece The *Essential Feminist Reader* is a vital addition to feminist scholarship and an invaluable resource for anyone interested in the history of women *The Feminist Reader, 2nd Ed* Catherine; Moore Belsey (Jane), [Nathalie Sarraute and the Feminist Reader](#) Sarah Barbour, 1993 Situated at an intersection of feminist critical practice in the United States and feminist cultural theory in France Nathalie Sarraute and the *Feminist Reader* is an investigation of the way in which this French New Novelist's first eight works in their increasing dramatization of the issue of reading problematize certain feminist literary analyses especially in relation to *l'écriture féminine* After an exploration of the difficulty Sarraute's writing poses for the critical enterprise through a lengthy reading of Sarrautian criticism in the U S and France Sarah Barbour shows how Sarraute's works eventually prohibit any fixed reading and open up instead a space in which we as readers are moved toward a more personal understanding of our use of narrative and of socio sexual constructs in the continual day to day constitution and reconstitution of subjectivity Nathalie Sarraute conceives of the evolution of the novel as a movement through history and thus situates her work within a tradition of psychological realism at the same time that she proposes radical innovations of the tradition Her novels do not discard or revise past works but rather internalize them in an effort to expand the notion of what is possible for psychological realism This study takes as its model Sarraute's example of simultaneity which invites an understanding of time both as a diachronic movement through phases from the psychological realism of Dostoyevski to that of Kafka to her own and as a synchronic encounter that elicits simultaneous relationships to different phases Within the movement of feminist literary criticism scholars have often discerned what are also referred to as phases that is criticism in the United States has moved from its initial concern with images of women in fiction by male writers to a desire to establish a feminine tradition of women's writing Nathalie Sarraute and the *Feminist*

Reader is not an attempt to claim that Sarraute's work represents écriture feminine. Reading Sarraute's novels in their evolution, Sarah Barbour has found that they forced her own reading and understanding of this term to evolve. She therefore proposes that the novels open up a space that is beyond the frozen shells of gender which continue to bind women and men personally and critically. The power of Sarraute's work lies in the solitary experience of our encounter with her presentation and perception of reality. In this encounter we are forced to experience the fluid nature of subjectivity that is to internalize and explore differences within personal and sexual identity that by extension affect the identity of larger political movements.

**The Feminist Reader** Catherine Belsey, Jane Moore, 1989      **The Feminist Philosophy Reader** Alison Bailey, Chris Cuomo, 2008. The most comprehensive anthology of feminist philosophy available, this first edition reader brings together over 55 of the most influential and time-tested works to have been published in the field of feminist philosophy. Featuring perspectives from across the philosophical spectrum and from an array of different cultural vantage points, it displays the incredible range, diversity, and depth of feminist writing on fundamental issues from the early second wave to the present.

*Feminist Literary Theory* Mary Eagleton, 2010-12-20. Now in its third edition, *Feminist Literary Theory* remains the most comprehensive single-volume introduction to a vital and diverse field. Fully revised and updated to reflect changes in the field over the last decade, it includes extracts from all the major critics, critical approaches, and theoretical positions in contemporary feminist literary studies. Features a new section, *Writing Global*, which covers feminism's dialogue with postcolonial, global, and spatial studies. Revised chapter introductions provide readers with helpful contextual information, while extensive notes offer recommendations for further reading.

**The Portable Feminist Reader** Roxane Gay, 2025-03-25. A New York Times Bestseller. A dynamic and strikingly relevant look at a feminist canon as expansive rather than definitive. A Penguin Classic. For Roxane Gay, a feminist canon is subjective and always evolving. A feminist canon represents a long history of feminist scholarship, embraces skepticism, and invites robust discussion and debate. Selected writings by ancient, historic, and more recent feminist voices include: Henricus Cornelius Agrippa, Anna Julia Cooper, Kimberl Crenshaw, Dorothy Allison, Leslie Feinberg, Eileen Myles, Mona Eltahawy, bell hooks, Sara Ahmed, Cherr e Moraga, Audre Lorde, *The Guerrilla Girls*, and many more. With an introduction, headnotes, and an inspired list of multimedia recommendations, Roxane Gay presents multicultural perspectives on ecofeminism, feminism, and disability, feminist labor, gender perspectives, and Black feminism. Through the *Portable Feminist Reader*, readers explore the state of American feminism, its successes and failures, and what feminism looks like in practice as a complex, contradictory, personal, and political, and ever-growing legacy of feminist thought.

**Readers and Reading** Andrew Bennett, 2014-07-15. Much literary criticism focuses on literary producers and their products, but an important part of such work considers the end user, the reader. It asks such questions as: how far can the author condition the response of the reader, and how much does the reader create the meaning of a text? Dr. Bennett's collection includes important essays from such writers and critics as Wolfgang Iser, Mary Jacobus, Roger Chartier, Michel de Certeau, Shoshana Felman,

Maurice Blanchot Paul de Man and Yves Bonnefoy It looks in turn at deconstructionist feminist new historicist and psychoanalytical response to the school The book then considers the act of reading itself discussing such issues as the uniqueness of any reading and the difficulties involved in its analysis **Thinking Women** Navaneetha Mokkil, Shefali Jha, 2015-04-06 The reader attempts to see the workings of gender in day to day lives the site for complicated gender negotiations The selection is wide ranging including creative writing in English and translations from the other Indian languages autobiographies newspaper articles theoretical pieces and visual material like advertisements and cartoons The editors foreground differences and see how vectors like caste class sexuality and religion complicate the experiences of gender The reader will open up issues for discussion and offer a different perspective without providing any neat resolutions

**Women, Class, and the Feminist Imagination** Karen V. Hansen, Ilene J. Philipson, 1990 Author note Karen V Hansen is a doctoral candidate in the Department of Sociology at the University of California Berkeley Ilene J Philipson is on the faculty of the Psychology Graduate Program at the New College of California San Francisco **The Feminist Classroom** Frances A. Maher, Mary Kay Thompson Tetreault, 2001-04-11 Feminist scholars have demonstrated that American higher education has long represented a white male privileged minority The professors here bring together the twin upheavals that have challenged this tradition namely a rapidly changing student body and the more inclusive knowledge of feminist and multicultural scholarship They uncover the voices concerns and experiences of groups hitherto marginalized in higher education women people of color and working class students *The Reader's Digest* De Witt Wallace, Lila Acheson Wallace, 1928 *The Utne Reader*, 1989 [A Reader's Guide to Contemporary Literary Theory](#) Raman Selden, Peter Widdowson, 1993 Following the death of Raman Selden Widdowson has substantially revised this text New material has been added on key areas of literary theory and there are now chapters on New Criticism and Postmodernist and Postcolonialist theories The chapter on feminist theories has been expanded [The Black Feminist Reader](#) Joy James, T. Denean Sharpley-Whiting, 2000 Organized into two parts Literary Theory and Social and Political Theory this Reader explores issues of community identity justice and the marginalization of African American and Caribbean women in literature society and political movements **Reader's Adviser and Bookman's Manual**, 1921 [Just Methods](#) Alison M. Jaggar, 2015-11-17 The supplemented edition of this important reader includes a substantive new introduction by the author on the changing nature of feminist methodology It takes into account the implications of a major new study included for the first time in this book on poverty and gender in equality and it includes an article discussing the ways in which this study was conducted using the research methods put forward by the first edition This article begins by explaining why a new and better poverty metric is needed and why developing such a metric requires an alternative methodological approach inspired by feminism Feminist research is a growing tradition of inquiry that aims to produce knowledge not biased by inequitable assumptions about gender and related categories such as class race religion sexuality and nationality Just Methods is designed for upper

level undergraduate and graduate students in a range of disciplines Rather than being concerned with particular techniques of inquiry the interdisciplinary readings in this book address broad questions of research methodology They are designed to help researchers think critically and constructively about the epistemological and ethical implications of various approaches to research selection and research design evidence gathering techniques and publication of results A key theme running through the readings is the complex interrelationship between social power and inequality on the one hand and the production of knowledge on the other A second and related theme is the inseparability of research projects and methodologies from ethical and political values

*Gendering the Reader* Sara Mills, 1994 In dit boek wordt de relatie tussen gender en lezen interpretatie onderzocht De auteurs gaan er niet van uit dat vrouwen per definitie anders lezen dan mannen Ze onderzoeken veeleer wanneer gender wel en niet een verschil maakt in de interpretatie Daarbij worden zowel etnografische linguïstische als literair theoretische methoden gehanteerd
