Robison,1987-01-01 **The Ark** ,1922 **Passing Through** Jack Fay,2011-09-01 The novel traces the life of Jack Moran from a Boston Irish ghetto to the military a post retirement job and resident of a home for elderly persons where he passes on Jack has a secret of which he is saddened It happened in Vietnam when he accidentally shot and killed a Vietnamese family The novel begins with a part discussion of the incident and concludes with details of the full incident Throughout the book Jack tells of many experiences some humorous and some tragic

The East Coast Chronicles Edward Hopkins,2023-09-19 The East Coast of the United States is arguably the most interesting region in America The earliest settlers to the new continent came to the East Coast mostly from Europe They brought with them rich ancient cultures unique foods a chance for a new life and most of all they brought a thirst for freedom Most of these immigrants had come from living under one form of tyranny or another They all seemed to be searching for independence and a simple but comfortable way of life Each of the fifteen states along the east coast of America was founded by peoples seeking political or religious freedom Europe s population had outgrown the land Food was getting scarce The primary fuel and building material of the time was wood European countries had cut down most of their forests and trees were not able to grow fast enough to keep up with demand The knowledge that a continent with seemingly endless forests and endless fertile land was too good to resist They came in droves Over the generations these immigrants and their offspring built a life and country that was the envy of the world This did not come without struggle hardship work innovation and even war This book contains a series of stories each of which takes place or begins in one of the 15 states that make up the east coast of the United States One story has nothing to do with the other The characters in each story are different Each story takes place in a different time and era The stories may be true or completely fictitious There is only one common theme in these stories which the reader is left to discover Fear not If you do not discover the theme it will not take away from whatever humor intrigue or discovery you may find in each story The book is simply meant to be entertaining Hopefully you will enjoy the journey
