The Wrong Guys:

The Wrong Man Hamish Clarke, 2014-12-19 A very ordinary man wakes up in an African police cell He has no idea how he got there nor why he is there He is tortured for information about which he has no idea and then he is threatened with execution When British Consular staff ignore his pleas for help because of a trade deal he realizes that the only person who is going to help him is himself It is towards the end of the 1980s and all this is happening in the middle of a very unstable Zaire that is about to descend into civil war He knows that to survive he must escape This he does but only by killing some of his guards in the process He is on foot in the middle of nowhere and everyone wants him dead and now he must find out why he is Zaire's Public Enemy No1 if he wants to clear his name and return to a normal life

The Wrong Man Lindasue Flores, 2013-09-11 Twenty five year old Victoria Roberts has a bright future ahead one that is filled with possibility Her first year as an elementary school teacher was rewarded with a new teaching contract and she is planning the wedding of her dreams and a wonderful romantic Caribbean honeymoon cruise with her soon to be husband Rene Life is good But behind all the promises of happily ever after a dark storm brews in the young brides future Renes life is cloaked in secrecy and Victoria is too in love to acknowledge the red flags It seems that Rene and an accomplice are secretly plotting her death and his wedding present to himself is a million dollar life insurance policy on his new bride Rene has carefully planned out every step in order to get his hands on the insurance money Unknown to Victoria her groom has no intentions of spending even one night with her on the cruise In one heartbreaking moment of discovery Victoria learns the truth about her fianc With the help of Todd Morgan a man she meets while boarding the ship she plans her escape But even if she has evaded Renes plans for her on the cruise will she be able to escape his revenge

How the Police Generate False Confessions James L. Trainum, 2016-07-15 Despite the rising number of confirmed false confession cases most people have a hard time grasping why someone would confess to a crime they did not commit or even why a guilty person would admit to something that could put them in jail for life How the Police Generate False Confessions takes you inside the interrogation room exposing the tactics that law enforcement uses to make confessions happen James L Trainum reveals how innocent people can become suspects and then confessed criminals even when they have not committed a crime Using real stories he looks at the inherent coerciveness of the interrogation process and why so many false confessions contain so many of the details that only the true perpetrator would know More disturbingly the book examines how these same processes corrupt witness and victim statements create lying informants and cooperators and induce innocent people to plead guilty Trainum also offers recommendations for change in the U S by looking at how other countries are changing the process to prevent such miscarriages of justice The reasons that people falsely confess can be complex and varied throughout How the Police Generate False Confessions Trainum encourages readers to critically evaluate confessions on their own by gaining a better understanding of the interrogation process

New York Magazine, 1988-06-13 New York magazine was born in 1968 after

a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea

Cracked Coverage Jimmie Lynn Reeves, Richard Campbell, 1994 Carefully documenting the deceptions and excesses of television news coverage of the so called cocaine epidemic Cracked Coverage stands as a bold indictment of the backlash politics of the Reagan coalition and its implicit racism the mercenary outlook of the drug control establishment and the enterprising reporting of crusading journalism Blending theoretical and empirical analyses Jimmie L Reeves and Richard Campbell explore how TV news not only interprets reality in ways that reflect prevailing ideologies but is in many respects responsible for constructing that reality Their examination of the complexity of television and its role in American social cultural and political conflict is focused specifically on the ways in which American television during the Reagan years helped stage and legitimate the war on drugs one of the great moral panics of the postwar era The authors persuasively argue for example that powder cocaine in the early Reagan years was understood and treated very differently on television and by the state than was crack cocaine which was discovered by the news media in late 1985 In their critical analysis of 270 news stories broadcast between 1981 and 1988 Reeves and Campbell demonstrate a disturbing disparity between the earlier presentation of the middle and upper class white drug offender for whom therapeutic recovery was an available option and the subsequent news treatment of the inner city black drug delinquent often described as beyond rehabilitation and subject only to intensified strategies of law and order Enlivened by provocative discussions of Nancy Reagan s antidrug activism the dramatic death of basketball star Len Bias and the myth of the crack baby the book argues that Reagan s war on drugs was at heart a political spectacle that advanced the reactionary agenda of the New and Religious Right an agenda that dismissed social problems grounded in economic devastation as individual moral problems that could simply be remedied by just saying no Wide ranging and authoritative Cracked Coverage Television News the Anti Cocaine Crusade and the Reagan Legacy is a truly interdisciplinary work that will attract readers across the humanities and social sciences in addition to students scholars journalists and policy makers interested in the media and drug related issues
