

Theoretical writings

Like Shaw and Brecht, Ionesco also contributed to the theatre with his theoretical writings (Wellwarth, 33). Ionesco wrote mainly in attempts to correct critics who he felt misunderstood his work and therefore wrongly influenced his audience. In doing so, Ionesco articulated ways in which he thought contemporary theatre should be reformed (Wellwarth, 33). *Notes and Counter Notes* is a collection of Ionesco's writings, including musings on why he chose to write for the theatre and direct responses to his contemporary critics.

In the first section, titled "Experience of the Theatre," Ionesco claimed to have hated going to the theatre as a child because it gave him "no pleasure or feeling of participation" (Ionesco, 15). He wrote that the problem with realistic theatre is that it is less interesting than theatre that invokes an "imaginative truth," which he found to be much more interesting and freeing than the "narrow" truth presented by strict realism (Ionesco, 15).
