**The Damnable Question** George Dangerfield, 1979      [The Damnable Question](#) George Dangerfield, 1976-07      **The Damnable Question** George Dangerfield, 1999 Ireland holds fiercely to her identity Starting with the Act of Union in the 1800s historian George Dangerfield dives into the Irish Question Dealing with such events as the Easter Rising and the famine The Damnable Question explains Ireland's intense patriotism even after so many people immigrated to the United States Publisher      *Out of Due Time* Paschal Scotti, 2006-02 Wilfrid Ward 1856-1916 the great biographer of Cardinal Newman was a leading Catholic voice in English society during the early twentieth century Friend to many of its major intellectual figures and a frequent writer in its most prestigious journals he was also the editor of the Dublin Review the leading Catholic journal in the English speaking world Founded by Daniel O'Connell and Nicholas Wiseman in 1836 the Dublin Review was edited by Ward from 1906 to 1916 and under his guidance it entered its golden age attracting the best of England's Catholic writers and much attention outside the household of faith Under his editorship the journal featured well known contributors such as G.K. Chesterton Hilaire Belloc Francis Thompson Alice Meynell Herbert Thurston C.C. Martindale and Robert Hugh Benson Ward's lifetime goal was the reconciliation of the Church with the mind of the age and his editorship of the Dublin was the culmination of his efforts It was a time when the English Catholic Church had reached a certain maturity and depth that made her universalistic ambitions a real possibility It was also a time of conflict within the Church about how far she could adapt herself to modernity It was while he was editor that the Modernist Crisis erupted a crisis with which he was intimately involved Following the tradition of the great literary quarterlies the journal discussed every aspect of human endeavor and *Out of Due Time* offers a fine opportunity to view the best of the Catholic mind in an extraordinary period It is a book for both the specialist and the general reader Unsympathetic to extreme views Ward was much misunderstood in his own time and is generally ignored in our own This volume seeks to give him and his work due recognition Paschal Scotti O.S.B. is a teacher in the Portsmouth Abbey School and chairman of the Christian Doctrine Department PRAISE FOR THE BOOK An absorbing study of Wilfrid Ward Scotti is extraordinarily well read in the wider history of his period as well as in Ward's Roman Catholic background the erudition of the work is most impressive especially in its biographical aspect of summarizing briefly the lives of the contributors to the Dublin The work offers an interesting perspective on the public life of England for the period it surveys and a critical view upon the scope and limitations of the Dublin's coverage of it Sheridan Gilley University of Durham *Out of Due Time* is full of fascinating facts about the intellectual climate of Edwardian and early Georgian England and specifically about the Catholic contribution to that climate as expressed in the pages of the Dublin Review under Wilfred Ward's editorship Joseph Pearce *First Things* Scotti's study of Ward's editorship gives the reader an absorbing portrait of the era He also uncovers interesting vignettes about many of the now forgotten figures who dominated Church life in the years leading up to the First World War David McLaurin *The Tablet*

Out of Due Time by Dom Paschal Scotti Catholic University of America Press 2006 69 95 is a study of Wilfred Ward and the Dublin Review perhaps the leading Catholic journal in the English speaking world Robert G Lowery Irish Literary Supplement Wilfrid Ward would have good reason to be pleased with this magnificently written and informative examination of his tenure 1906 16 as editor of the Dublin Review the leading Catholic journal in the British Isles After two superb chapters on the earlier life of Ward and the previous history of the journal the author carefully studies its contents in seven chapters extensive excerpts being provided from many of the articles The editing of the book is flawless and the work of

Who's Afraid of the Easter Rising? 1916-2016 James Heartfield, Kevin Rooney, 2015-11-27 One hundred years ago Easter 1916 Irish revolutionaries rose against the British Empire proclaiming a Republic from the steps of the General Post Office in Dublin The men and women of the Easter Rising were defeated by the overwhelming force of the British Army in five days of intense fighting Their leaders were executed But the Easter Rising lit a fire that ended with the whole country turning against Westminster's rule and founding a nation But today the heirs to the Irish state are embarrassed about 1916 They are ashamed that their state owes its origins to a revolution Along with academics and other commentators in the press and on television they dismiss the Rising as the work of violent fanatics and the defeat of constitutional politics Who's Afraid of the Easter Rising explains why today's Dublin elite are recoiling from the origins of their state in a popular struggle Where the critics paint the Rising as an armed conspiracy we explain that it was in fact a revolt against war not a militaristic upsurge but the first challenge to the awful slaughter of the First World War The Statesmen of Europe sacrificed millions upon the altar of war Their recruiting sergeants in Ireland Edward Carson and John Redmond sent 200 000 Irishmen into the slaughter and nearly 50 000 were killed The Easter Rising drew a halt to British recruitment and the blow to the Empire was the first crack in a growing revolt against the war followed by the Russian Revolution in 1917 and the German revolution the following year which ended the conflict The Easter Rising was an inspiration to those who were challenging the Empires of Europe from India to Vietnam from New Zealand to Moscow it was an inspiration to British activists like John Maclean and Sylvia Pankhurst and it was an inspiration to the Irish men and women who rose up against British rule to free their nation

**Unsettled States, Disputed Lands** Ian Lustick, 1993 Israel and the West Bank and Gaza Strip disengagement or incorporation Thresholds of state building and state contraction Becoming problematic breakdown of a hegemonic conception of Ireland Where and what is France Three failures of hegemonic construction Patterns of hegemonic change Britain and Ireland France and Algeria The Irish question in British politics 1886 1922 The Algerian question in French politics 1955 1962 Regimes at risk rescaling the Irish and Algerian questions in Britain and France Israel and the West Bank and Gaza Strip tracing the status of a changing relationship Hegemonic failure and regime crisis in Israel A theory of states and territories extensions and implications **The Secret State** Richard C. Thurlow, 1995-01-09 This is a history of the secret activities of the British government in response to threats to the nation's well being and stability during the twentieth

century It is based on intensive and widespread research in private and public archives and on documents many of which have only recently come to light or been made available The dangers perceived by the state have been manifold and various coming from within and from abroad Anarchists fascists socialists communists the IRA trades unionists and animal activists as well as spies terrorists and saboteurs have been the subject of undercover investigation along with almost every large scale movement from suffragettes to campaigners for peace and nuclear disarmament The author describes the methods and people employed and the mixed nature of their results The British state has always seen itself as civil and liberal but as Dr Thurlow shows it has sometimes been far from open The government has had many weapons at its disposal from public order acts censorship internment and proscription on the one hand to covert operations infiltration and manipulation on the other Yet when examined in the light of new evidence the activities of the state are fully comprehensible only in terms of those who comprised it The author shows the tensions among the departments between MI5 MI6 SIS and the Special Branch for example and the crucial part played by individuals whose motives were often far from what the government supposed them to be This is an at times disturbing at others almost comical but always fascinating account It throws light on the inmost workings of the state as well as on the movements and people subject to investigation and action
