Sober Spring:

Sober Spring Robert F. Bollendorf, 2016-06-10 *Sober Spring* tells the story of a family's struggle with the pain and uncertainties of alcoholism and also the hope and joy of recovery. The book tells the story of what can happen when the members of the family sometimes even starting with the youngest members are willing to confront the truth in spite of fear. Also included in the book are guidelines for how recovery can happen within the family with articles from Rob Castillo Kimberly Groll Frank Salvatini and Rob Bollendorf. **Sober Spring** Robert F. Bollendorf, 1988 *Summer Heat and the Challenger* Dr. Robert F. Bollendorf EdD CADC, 2017-12-12 *Summer Heat* is action packed and exhilarating. With several intertwined stories unfolding at once and new additions of suspense throughout lust seduction and a motive for murder it kept my full attention to the last page. **Autumn Snow and Witch of Winter** Dr. Robert F. Bollendorf EdD CADC, 2018-01-13 Once again Dr. Bollendorf with Donna Gluck has woven a vivid and entertaining tapestry of dysfunctional family dynamics and the ripples of sadness that drug addiction causes. As the effects of addiction explode the romantic and familial relationships of the well drawn characters we see the radius of the blast expand to disrupt communities and cultures particularly the Native American reservations and the tensions of coexistence with the white cities and towns. The themes of addiction its treatment and the recovery process are accurate and informative but rather than simply exposit these valuable lessons *Autumn Snow* wraps it all in an entertaining and suspenseful murder mystery. A hell of a good read that entertains as well as informs. Prof Frank Salvatini MEd CSADC MISAII NCACII Coordinator Addictions Counselor Training Program College of DuPage. This book the third in the series is an exciting murder mystery that blends insight into addiction recovery with a mysterious cast of characters. The reader is taken into the dark side of drug dealing and sinister secrets that add to the stresses and trials of a recovering police officer drawn into a web of deceit. Understanding HIV and STI Prevention for College Students Leo Wilton, Robert T. Palmer, Dina C. Maramba, 2014-09-19 According to the Centers for Disease Control and Prevention young people aged 18 to 25 are at a significant risk for acquiring and transmitting HIV Human Immunodeficiency Virus and other STIs sexually transmitted infections. Primary developmental processes that place college students particularly at risk include the experience of intimacy sexual desires and the centrality of the peer group. During these routine developmental processes college students experiment with unprotected sex multiple sex partners and alcohol and illicit drugs all of which are contributing risk factors for HIV STI infections. Early diagnosis treatment and prevention of HIV and other STIs is germane to promoting the sexual health of college students and reducing high HIV STI infection rates among young people. This edited volume will provide innovative and cutting edge approaches to prevention for college students and will have a major impact on advancing the interdisciplinary fields of higher education and public health. It will explore core ideas such as hooking up culture sexual violence LGBT and students of color as well as HIV and STI prevention in community colleges rural colleges and minority serving institutions. **National Drunk and Drugged Driving (3D) Prevention Month: Program Planner.**
