## **Split Second:**

**The Split Second** M. R. D. Meek, 1987      **The Seems: The Split Second** John Hulme, Michael Wexler, 2009-09-01  
Becker Drane a Fixer in the parallel universe called the Seems is called upon to repair the damage caused by a bomb planted in the Department of Time an act of terrorism perpetrated by the evil members of the Tide      Split Second Douglas E. Richards, 2015-08-31 The breathtaking new thriller from the New York Times bestselling author of WIRED who has been called a worthy successor to Michael Crichton SF Book com What if you found a way to send something back in time But not millions of years back to the age of the dinosaur Not a day back Not even a minute back What if you could only send something back less than the blink of an eye Would this be of any use You wouldn't have nearly enough time to right a wrong change an event or win a lottery Nathan Wexler is a brilliant physicist who thinks he's found a way to send matter a split second back into the past But before he can even confirm his findings he and his wife to be Jenna Morrison find themselves in a battle for their very lives Because while time travel to an instant earlier seems useless Jenna comes to learn that no capability in history has ever been more profound or far reaching Now as Jenna fights to defeat the powerful forces arrayed against her nothing less than the fate of humanity hangs in the balance SPLIT SECOND is a roller coaster ride of a thriller one that will have readers pondering the nature of time and of reality long after they've read the last page Richards is a tremendous new talent Stephen Coonts who can keep you turning the pages all night long Douglas Preston      *Split Second* Alex Kava, 2006-03-01 FBI profiler Maggie O'Dell star of Kava's first thriller is back again in her second but her return is not a happy one From the very first scene in which serial killer Albert Stucky escapes from two pitifully inadequate prison guards through the inevitable and apparently endless escalation of brutality usually against women to the predictable ending this is strictly a blender job part Thomas Harris and part Patricia Cornwell with odd bones and scraps tossed in from other similarly grisly and more successful sources O'Dell who plays Clarice Starling to Stucky's Hannibal Lecter is still physically and mentally scarred by the two years she spent on his case and she's fighting to get back on it She gets her wish Before she can even unpack the boxes in her new home one of her neighbors disappears leaving behind a bloody mess and another is found dead in a Dumpster Soon Stucky strikes even closer to home The supporting cast is full of cardboard cutouts unsuccessfully masquerading as characters and since O'Dell herself is so miserable from the start it's hard to care whether or not she and Stucky ever do make it to their final showdown or for that matter which of them survives Kava's hackneyed prose doesn't help matters Dear God How much longer could she put up with the nightmares Probably longer than a lot of readers will put up with this book Aug Forecast Kava's first O'Dell vehicle A Perfect Evil was widely praised and Mira is looking to build on that success with a national ad campaign a teaser chapter in the Perfect Evil paperback and a multicity author tour Fans may go along for the ride but Kava won't recruit many new readers with this one      **Crowdsourcing our Cultural Heritage** Mia Ridge, 2016-04-22 Crowdsourcing or asking the general public to help contribute to shared goals is increasingly popular

in memory institutions as a tool for digitising or computing vast amounts of data This book brings together for the first time the collected wisdom of international leaders in the theory and practice of crowdsourcing in cultural heritage It features eight accessible case studies of groundbreaking projects from leading cultural heritage and academic institutions and four thought provoking essays that reflect on the wider implications of this engagement for participants and on the institutions themselves Crowdsourcing in cultural heritage is more than a framework for creating content as a form of mutually beneficial engagement with the collections and research of museums libraries archives and academia it benefits both audiences and institutions However successful crowdsourcing projects reflect a commitment to developing effective interface and technical designs This book will help practitioners who wish to create their own crowdsourcing projects understand how other institutions devised the right combination of source material and the tasks for their crowd The authors provide theoretically informed actionable insights on crowdsourcing in cultural heritage outlining the context in which their projects were created the challenges and opportunities that informed decisions during implementation and reflecting on the results This book will be essential reading for information and cultural management professionals students and researchers in universities corporate public or academic libraries museums and archives **Split Second** Dennis McIntyre,1984
