Within These Walls:

Within These Walls Rosa B. Brinkman, 2016-06-28 Within These Walls is the continuing story of the life of John Resenburger John was introduced in the first book *In My Father's Footsteps As Told by His Son* and the second novel *Bound by Blood* All three books share his life love and ministry where he serves as senior pastor at St Paul Lutheran Church leading more than three thousand devoted parishioners John followed in his father's footsteps to be a minister and now as his predecessor must confront him regarding an adulterous affair It becomes difficult for John to approach his father as his son and even more complicated to confront him as pastor How can John shield his mother from the broken covenant of infidelity Does he have a duty to protect his father's integrity and keep his mother's trust Doing so does John put his ministry in jeopardy

Street Naming and the Politics of Greek-Cypriot Identity Stella Theocharous, 2024-04-23 This book is the first to explore street names and street naming in the formation of a Greek Cypriot identity in the cityscape of Nicosia between 1878 and 1975 Rather than treating toponymy as a direct linguistic act of spatial orientation the book approaches street naming as a contested practice involving those shared symbols and representations used to depict official history and collective identity as part of a political process It considers how street names are part of the symbolic politics of space and how authorities transformed the streets of Nicosia into arenas of struggle for the control of symbolic and material space It documents historical efforts over the course of a century to impose a geography of forgetting to buttress national identity and to cast out the other from space both literally and symbolically so as to achieve territorial dominance and political legitimacy The book is another step towards the development of a global perspective on the critical study of street naming thereby refining and expanding our knowledge of the political dynamics involved in the process In their commemorative capacity street names belong to the politics of public memory and identity
