

The fantasy of total autonomy,
and of total self-knowledge, is not
only a fantasy; it's a nightmare.

Total Self Knowledge:

The Logos of the Sensible World John Sallis, 2019-03-05 This volume of the collected writings of John Sallis presents a two semester lecture course on Maurice Merleau Ponty given at Duquesne University from 1970 to 1971 Devoted primarily to a close reading of the French philosopher's magnum opus *Phenomenology of Perception* the course begins with a detailed analysis of *The Structure of Behavior* The central topics considered in the lectures include the functions of the phenomenological body beyond realism and idealism the structures of the lived world spatiality temporality language sexuality and perception and knowledge Sallis illuminates Merleau Ponty's first two works and offers a thread to follow through developments in his later essays Merleau Ponty's notion of the primacy of perception and his claim that the end of a philosophy is the account of its beginning are woven throughout the lectures For Sallis's part these lectures are foundational for his extended engagement with Merleau Ponty's *The Visible and the Invisible* which was published in Sallis's

Phenomenology and the Return to Beginnings *Gender Ascendant* Benjamin Bennett, 2025-12-15 Does feminist theory the theoretical grasp of exactly how a patriarchal oppression of women operates and has operated in Western societies arise simply as women's response to the experience of oppression Bennett argues that no such substantial current of thought ever arises in this manner and that feminist theory is not truly grasped until we uncover in intellectual history the not yet feminist body of thought from which it emerges He approaches this matter by discussing an anti aesthetic tendency in the work of major eighteenth century German authors both male and female a tendency which develops he claims in the direction of proto feminism Especially notable is the kind of feminist theory in question here a theory which focuses uncompromisingly on the hardest possible problems it encounters on a gender based logic by which women writers precisely in asserting themselves as women run up against an imperative of silence on the recognition that in a strictly ethical feminist view gender difference is inaccessible to the understanding and on the problem of a future for feminism in a world where the aesthetic approach to art and literature has apparently prevailed once and for all [The Phenomenological Mind](#) Shaun

Gallagher, Dan Zahavi, 2013-01-11 *The Phenomenological Mind* is the first book to properly introduce fundamental questions about the mind from the perspective of phenomenology Key questions and topics covered include what is phenomenology naturalizing phenomenology and the cognitive sciences phenomenology and consciousness consciousness and self consciousness time and consciousness intentionality the embodied mind action knowledge of other minds situated and extended minds phenomenology and personal identity This second edition includes a new preface and revised and improved chapters Also included are helpful features such as chapter summaries guides to further reading and a glossary making *The Phenomenological Mind* an ideal introduction to key concepts in phenomenology cognitive science and philosophy of mind
