Something Exploded In My Mind:

What Once Was One (The Passage of Hellsfire, Book 2) Marc Johnson,2020-06-20 In the land of Northern Shala the dark wizard Premier raised an army of foul creatures from the Wastelands and led them against the ancient guardian city of Alexandria Hellsfire a young farmhand turned apprentice wizard defeated Premier and saved Alexandria but not before the battle claimed his mentor's life Hellsfire now a full fledged wizard must finish what he started by hunting down Premier and seizing the source of the wizard's dark power and corruption the Book of Shazul He must travel deep into the Wastelands through Premier's home territory dodging the scattered remnants of a defeated army lusting for blood and vengeance But beating in the heart of the Wastelands is an ancient power more dangerous than Premier or his creatures and it's been waiting for Hellsfire for a thousand years It will force the young wizard to make a devastating choice one that could change the course of history not only for Alexandria and the Wastelands but for all of Northern Shala and the lands beyond And to save his homeland Hellsfire may have to lose the person he loves the most What once was one will then be two and never again be whole *The Fruit of the Vine* Edwin Pugh,1904 **Tales of the Thirty-second** Glenn W. Records & Briefs New York State Appellate Division , The Day the Universe Exploded My Head Allan Wolf,2019-03-05 Hang on tight for a raucous bounce through the solar system and back propelled by funny fanciful factually sound poems and exuberant illustrations The universe poured into me My brain was overloaded It smoked and glowed red hot And then it actually exploded Ever wonder what the sun has to say about being the closest star to Earth Or what Pluto has gotten up to since being demoted to a dwarf planet Or where rocket ships go when they retire Listen closely because maybe just maybe your head will explode too With poetry that is equal parts accurate and entertaining and illustrations that are positively out of this world this book will enthrall amateur stargazers and budding astrophysicists as it reveals many of the wonders our universe holds Space travelers in search of more information will find notes about the poems a glossary and a list of resources at the end **Report** United States.
