boys from various predicaments but her superstitious nature soon drives them crazy Shaughn who is focused on his mission is determined to educate her whilst Connor finds it hard not to believe all her weird superstitions As if it isn't enough that they are being harassed by a group of Vikings and their nasty offspring an undercover witch and each other the teenagers also have to deal with Heather's drunken step father an ex-communicated monk who wants the Bible's bejewelled cover the midget druid and his ogre like twin brothers who plan to sacrifice the kids on the night of the all dead and an eccentric Pilgrim who appears and disappears like a ghost Their greatest enemy however might just be their own insecurities Through this journey of outsmarting medieval foes the bickering children barely equipped to deal with the threatening choices of real life touch the lives of many hurt and lost people and also find real friendship The journey teaches them to trust God unconditionally and to find the heroes inside themselves A note on the Altar Bible The Book of Kells Fact The Gospel of Colmcille is considered the most important treasure contained in the Trinity College Museum Dublin During the Viking raids on Iona in 795 the Bible disappeared and mysteriously reappeared at the monastery of Kells Ireland How it ended up there nobody knows Fiction Well maybe three canny teenagers rescued it

Shawn Ritenour,2010-01-01 Foundations of Economics A Christian View is an introduction to economics from an explicitly Christian perspective It maintains that there is no conflict between Christian doctrine and economic science properly understood Therefore Foundations of Economics has three goals to demonstrate that the foundations of economic laws are derived from a Christian understanding of nature and humanity to explain basic economic principles of the market economy and apply them to various economic problems such as poverty and economic development and to show the relationship between Christian ethics and economic policy Foundations of Economics A Christian View accomplishes these goals by rooting the fundamental principles of human action in the Christian doctrines of creation and humanity and integrating them with the Christian ethic of private property This volume explains the relevance of economics for fulfilling the cultural mandate set forth in the first two chapters of Genesis by demonstrating how economics can help us in our task to be fruitful and multiply and have dominion over the earth without spoiling creation starving to death or descending into a barbaric struggle for survival
