COWARDICE CLAIM CAUSES CONCERN

Members of the Viking Standards Association met yesterday to decide what to do about Denmark. The emergency meeting was called after appalled Norsemen learned that the Danes had given up pillaging. Instead, they were accepting money (known as Danegeld) to stay at home.

Denish Vikings go ashore to negotiate "Danegeld".

"Not true Vikings"

Top deserter, Odd Olafsen, was frothing at the mouth when we asked his opinion. "They're a disgrace to the name Viking! When people see a longship they should shake in their shoes, not hand around a collection tray."

Vast sums

It all started in 843 when King Charles the Bald paid the Danes a vast sum to stay out of Paris. Since then towns throughout England and France have been handing over Danegeld to keep the Danes away.

But King Ingmar of

Denmark is unrepentant. "The rest of you are just jealous at our success. All we're doing is improving the industry to allow increased productivity in other areas such as Ireland and Spain. Far from being cowards we are now spending more time looting more effectively than ever."

CAPTAIN IN COFFIN BURNS WRONG TOWN

Captain Bjorn "True as the wind" Ironside was left with egg on his face when he found that he had pillaged the wrong place. "What can I say?" said the demurest warrior. "It was a genuine mistake which anybody could have made."

Pietro Cadmos, one of the few survivors of the town, takes up the sorry story.

"There I was, guarding the gate when this tough-looking man came up with a coffin and asked if they could bury their leader in our graveyard."

Cunning ruse

It all started when Bjorn and his men went on a bloodthirsty campaign in Italy. Everything was going well until they made the decision to march on Rome. When they arrived at what they believed to be the legendary city cunning Bjorn thought of a very clever idea.

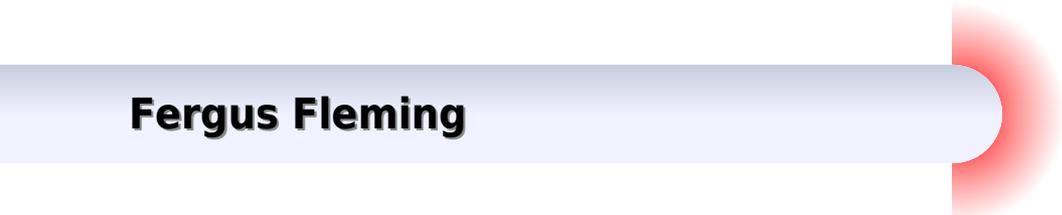

Ironside, yesterday.

One of the significant advantages of Viking Invader books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents.
