unreliable narrator regarding my thesis and finally what impact the fabula construction in Memento has on his viewers Causes and their effects are basic to narrative but they take place in time This quotation from Bordwell s and Thompson s work Film Art an Introduction does not only show a fundamental principle of narration but furthermore depicts a possibility to manipulate the spectator s understanding of a story Christopher Nolan s Memento is one example of what a complex narration can be The film shows two separate stories of Leonard an ex insurance investigator who suffers anterograde amnesia and attempts to find the murderer of his wife which is the last thing he can remember On the one hand there is a forward moving storyline the black and white scenes while the other one the colour sequences tells the story backwards Although the story behind the film is rather simple the narrative structure is extremely complex and clever which demands constant attention from its spectators This term paper will deal with the methods used in Memento which mislead the audience s understanding of the story My thesis is therefore Narrative complexity in Christopher Nolan s Memento Narrative structure Narrator s unreliability fabula construction and cinematography as key elements for the spectator s manipulation Apart from the film Memento the central literature I will work with is the essay by Stefano Ghislotti Narrative Comprehension Made Difficult Film Form and Mnemonic Devices in Memento the documentary Anatomy of a Scene about the making of Memento a text by Andy Klein named Everything You Wanted to Know about Memento and different filmic narrativity by Jakob Lothe David Herman and Edward Branigan In addition to that there is a self generated sequence analysis attached to the term paper in order to have an overall view of the scenes I take a closer look at
