Dodd, 2006-01-12 In his last work *Crisis of the European Sciences and Transcendental Phenomenology* Edmund Husserl formulated a radical new approach to phenomenological philosophy Unlike his previous works in the *Crisis* Husserl embedded this formulation in an ambitious reflection on the essence and value of the idea of rational thought and culture a reflection that he considered to be an urgent necessity in light of the political social and intellectual crisis of the interwar period In this book James Dodd pursues an interpretation of Husserl's text that emphasizes the importance of the problem of the origin of philosophy as well as advances the thesis that for Husserl the crisis of reason is not a contingent historical event but a permanent feature of a life in reason generally
