The Cambridge Companion to Crime Fiction Martin Priestman, 2003-11-06 This Companion covers British and American crime fiction from the eighteenth century to the end of the twentieth As well as discussing the detective fiction of writers like Arthur Conan Doyle Agatha Christie and Raymond Chandler it considers other kinds of fiction where crime plays a substantial part such as the thriller and spy fiction It also includes chapters on the treatment of crime in the eighteenth century literature French and Victorian fiction women and black detectives crime on film and TV police fiction and postmodernist uses of the detective form      British Women Mystery Writers Mary Hadley, 2015-10-02 Many aspects of British detective fiction are intriguingly different from the American detective fiction And confusingly many of the British women detectives who have made it to American television are far from typical of the latest women detectives This work is a study of British detective fiction with female protagonists written by women Authors included are P D James Jennie Melville Liza Cody Val McDermid Joan Smith and Susan Moody Special attention is paid to the evolution of the British female sleuth from the 1960s to the year 2000 particularly the 1980s and how this shaped and altered detective fiction Also discussed is the effect of the British judicial system and gun laws on detective fiction and real life the types of crimes women detectives usually investigate why certain directions have been taken and which ones may be taken in the future issues being raised by the authors and new women authors of detective fiction with female protagonists      An Unsuitable Job for a Woman ,

**Unsuitable Job for a Woman** P. D. James, 1982-12-01 P D James is the reigning mistress of murder Time Handsome Cambridge dropout Mark Callender died hanging by the neck with a faint trace of lipstick on his mouth When the official verdict is suicide his wealthy father hires fledgling private investigator Cordelia Gray to find out what led him to self destruction What she discovers instead is a twisting trail of secrets and sins and the strong scent of murder *An Unsuitable Job for a Woman* introduces P D James's courageous but vulnerable young detective Cordelia Gray in a top rated puzzle of peril that holds you all the way *The New York Times*      **Feminism in Women's Detective Fiction** Glenwood Irons, 1995-12-15 Names such as Sherlock Holmes Hercule Poirot and Sam Spade are perhaps better known than the names of the authors who created them The woman detective has also had worldwide appeal yet with the exception of Christie's Miss Marple the names of female detectives and their authors have only recently gained wide attention through the popularity of Marcia Muller Sue Grafton and Sara Paretsky The essays in this collection grapple with a wide range of issues important to the female sleuth the most important perhaps being the oft heard challenge to her suitability for the job Not surprisingly gender issues are the main focus of all the essays indeed in detective novels with a woman protagonist these issues are often right at the surface Some of the papers see the female sleuth as an important force in popular fiction but

many also challenge the notion that the woman detective is a positive model for feminists They argue that fictional female sleuths have lost the otherness that a feminine approach to the genre should encourage Collectively the essays also reveal the differences between British and American perspectives on the woman detective *Detective Agency* Priscilla L. Walton, Manina Jones, 1999-05-31 Since the late 1970s a subgenre of crime fiction written by women and featuring a professional woman investigator has exploded on the popular fiction market Priscilla L. Walton and Manina Jones focus on this recent proliferation of women writers of detective fiction providing the first book length study of the historical and societal changes that fueled this popularity along with insightful and entertaining readings of the texts themselves Walton and Jones place the genre within its aesthetic social and economic contexts reading it as an index of cultural beliefs Addressing the ways that Sara Paretsky Sue Grafton Marcia Muller and others work through the conventions of the hard boiled genre made popular by writers such as Dashiell Hammett Raymond Chandler and Mickey Spillane the authors show how the male hard boiled tradition has been challenged and transformed Issues of child spousal and sexual abuse are more likely to surface in women s detective novels the authors show and female sleuths face many of the same dilemmas as those who read about them everyday problems with relationships parenting and money Detective Agency also integrates interviews with authors and publishers reader surveys publication data and analysis of internet discussion groups to present a fascinating picture of the industry of women s detective fiction Authors of these works are powerful players in the publishing system as well as agents of cultural intervention Walton and Jones claim They conclude by examining the rise of female detectives in television and film
