Sunset Detectives:

Sunset Detectives Herman Weiss, 1996 Florida is not what Joe Chelsea pictured when he thought of retiring from the NYPD to share a beach condo with his old work partner Josh Novick But the sun never sets on crime even in Florida In this tale a serial killer is on the loose pursued by the two irresistible senior citizen sleuths **The Two Sanibel Sunset Detectives** Ron Base, 2013-11 Joshua and Madison are pretty smart kids Except they have no idea what their father does for a living They suspect the worst That s where Private Detective Tree Callister comes in Josh and Madi want him to find out what their father does and why he keeps disappearing But Tree has problems of his own Everyone on Sanibel Island thinks he s hiding nine million dollars that has gone missing The FBI is investigating him the local cops are out to get him and they are not happy that Tree keeps stumbling across dead bodies Then there is the diminutive dangerous Paola who has no hesitation about killing anyone who gets in her way Including Tree It s looking as bad as it ever has for Tree Callister in his latest and most deadly adventure And it s only going to get worse **TV Detectives** Richard Meyers, 1981 An intriguing behind the scenes view of television s detective dramas complete with chronological history critiques trivia and thought provoking insights into TV violence Cover [The Television Treasury](#) Vincent Terrace, 2020-06-12 The first and only of its kind this book is a straightforward listing of more than 25 000 trivia facts from 2 498 TV series aired between 1947 and 2019 Organized by topic trivia facts include everything from home addresses of characters to names of pets and jobs that characters worked Featured programs include popular shows like The Big Bang Theory and Friends and more obscure programs like A Date with Judy or My Friend Irma Included is an alphabetical program index that lists trivia facts grouped by series [The Sunset Murders](#) Louise Farr, 1993 The true story of a woman who would do anything for love and the lover who taught her to kill Jacket subtitle **Truth Unadorned** William De Ryee, 1916 *Social Detective Academy* Jeffrey E. Jessum, 2022-05-09 A few years ago Johnny Multony transformed from not fitting into a socially savvy kid started the first ever social detective agency He was hired by other students in his school for help with common interpersonal dilemmas such as cliques dealing with disappointments bullying personal space friends body language and much more Now an opportunity of a lifetime Johnny Multony has opened the Social Detective Academy And YOU have been invited During your time at the Social Detective Academy you will learn some of the most important things a social detective needs to be aware of Learning these things will help you become a skilled social detective capable of helping others solve their social mysteries just like Johnny But even more than that you will learn the tools for becoming a social ninja capable of navigating some of the most complicated social mysteries that you might face in your own life The truth is that some of the best social detective training involves learning how to be more socially skilled yourself If you can effectively navigate your own social world you will be much more capable of helping others become successful in their own social journeys This is how Johnny s first students learned to become excellent social detectives themselves by practicing solving their own mysteries Throughout this book you

will have the opportunity to test your skills by trying to solve social mysteries alongside some of Johnny's first students. These mysteries came directly from these students' personal lives and show how they used their social detective skills to make their own social lives better. As you read through the chapters, see if you can use the tools you are learning to identify social mysteries you might have in your own life. Some of the ideas in this book are going to be pretty easy and straightforward. You will probably understand them with very little effort. But some of the things we will be talking about might seem a little more complicated at first. If there is something that you don't quite get right away, don't worry about it. That is to be expected. Just keep going and don't let it hold you back. You can always come back to it later on. If you don't fully understand something, you will still be able to understand later things in the book. In fact, some of the things in this book will probably make even more sense as you read later parts of the book, so if something is not completely clear, keep reading on and come back. Johnny actually encourages his social detective students to come back and reread things even if they understood them the first time because rereading about important ideas can help you to have a deeper understanding. Each chapter will also have a social detective concept summary at the end. These summaries are there to help you organize the most important concepts in each chapter. They serve as a good reference guide to come back to if you need to refresh your memory later on.
