How to Dodge a Cannonball Dennard Dayle,2025-06-17 How to Dodge a Cannonball is a razor sharp satire that dives into the heart of the Civil War hilariously questioning the essence of the fight not just for territory but for the soul of America How to Dodge a Cannonball is funnier than the Civil War should ever be It follows Anders a teenage idealist who enlists and reenlists to shape the American Future as soon as he figures out what that is who it includes and why everyone wants him to die for it Escaping his violently insane mother is a bonus Anders finds honor as a proud Union flag twirler until he s captured Then he tries life as a diehard Confederate until fate asks him to die hard for the Confederacy at Gettysburg Barely alive Anders limps into a Black Union regiment in a stolen uniform While visibly white he claims to be an octoroon and they claim to believe him Only then does his life get truly strange His new brothers are even stranger including a science fiction playwright a Haitian double agent and a former slave feuding with God Despite his best efforts Anders starts seeing the war through their eyes sparking ill timed questions about who gets to be American or exploit the theater of war Dennard Dayle s satire spares no one as doomed charges draft riots gleeful arms dealers and native suppression campaigns test everyone s definition of loyalty Uproariously funny and revelatory How to Dodge a Cannonball asks if America is worth fighting for And then answers loudly Read it while it s still legal *Journal of Cultural Management and Cultural Policy/Zeitschrift für Kulturmanagement und Kulturpolitik*

War May Bring Eva Fischer-Dixon,2016-03-31 Anders van Niekerk and Danie de Villiers were inseparable friends growing up outside Pretoria South Africa They did everything together so nobody was surprised when both decided to join the British Royal Marines There was a secret kept between the friends one of them had a violent temper that the other had covered up until an event in Kabul Afghanistan during their third tour of duty When an Afghan family was brutally raped and murdered the friend with the even temper confronted the violent one and denounced his actions During a patrol due to a questionable IED explosion one friend watched the other one die and after that event his life was never the same again After being treated

in London for PTSD he was allowed to return to South Africa where he was supposed to continue his treatment. During his stay at the clinic he immediately fell in love with his young psychiatrist Dr Gerda van Heerden. She also develops feelings for the young man in her care. Gerda investigates his background and draws a shocking conclusion that affects her not only personally but professionally as well. What happened in Afghanistan? Who truly died in Afghanistan? When the truth is revealed during a storytelling session, it becomes clear that the problem with her patient is not only PTSD. His deep and disturbing secret, which surfaced during the sessions, might destroy not only the young doctor but also everyone around her. Would she be able to use deadly force to prevent other atrocities? Dr Gerda van Heerden has a tough choice to make and only minutes to decide.

Queer Urbanisms in Wilhelmine and Weimar Germany Mathias Foit, 2023-12-28. This book explores the queer history of the easternmost provinces of the German Reich, regions that used to be German but which now mostly belong to Poland in the first third of the twentieth century, a period roughly corresponding to the duration of Germany's first queer movement (1897-1933). While the amount of queer historical studies examining entire towns and cities in the German Reich has grown to an impressive size since the 1990s, most of that research concerns firstly the usual large metropolises such as Berlin, Hamburg, or Cologne, and secondly municipalities located in Germany proper that is within its modern borders, not those of the German state in the first half of the twentieth century. Smaller cities, not to mention rural areas, in particular, have received very little scholarly attention. This book is therefore one of the first to examine queer history that of spaces, culture, sociability, and political groups specifically from this geographical perspective.
