Tales For Commuters:

Tales for Commuters & Other Time Travelers Jim Stallings,2002-02 In Tales for Commuters and in the new millennium s overbooked modernity these bluesy zen like stories ranging in reading time from one minute impromptus to quarter hour stories offer wide ranging reflective pleasure both whimsical and serious during the kaleidoscopic betwixts and between of our daily lives

Tales Told to a Commuter by a Golden Bridge Kevin Scrivner,2024-06-10 Our time on this physical earth is finite however the time we spend after our bodies have grown too old to continue is eternal Where do you want to spend eternity The story is about someone who had his priorities all wrong With the help of a golden bridge God s presence helped him realize the importance of having faith that your belief in God is true

A Commuter's Tale Michael Radowitz,2023-10-29 Bob Hargiss is a commuter who lives 60 miles north of New York City Every working day he gets up not long after the farmers in nearby areas to where he lives in Newburgh has his breakfast gets dressed and gets to the train station where he takes the express train for the one and one half hour ride into Manhattan to work and later coming home after most people and families have had dinner and have since relaxed from the demands of the day He has done this for many years along with thousands of others in that metropolitan area But who IS a Bob Hargiss the commuter How has he come to endure the same routine that others like him undertake causing non commuting strangers to ask him How do you do it and saying things like I could NEVER do that But Hargiss does it because for him there is no better way to support his family give them a comfortable home and maintain a sense of self respect In a sense every working person has a little of Bob Hargiss in them when it comes to taking responsibility and being reliable enabling the engines of the economy to keep chugging and choo chooing along And you may find that to a certain extent Hargiss story is your story and you are not alone when it comes to dealing with people and elements around you in various situations There is a human side to all of us even to commuters who may appear faceless to most as they and perhaps you are part of the masses that swoop into New York and other cities away from home to work Anyone whether they re curious of the life of a commuter or they re commuters themselves admired by some and looked at with wonder or amazement by others will enjoy this book whether you read it on the train a bus during lunchtime or quietly at home

Rutkowski,2015-11-03 Put the YOU back into commuting Breathe life into even the most mundane and tedious journey Take Exit 8A and find your hero face your fear feel love practice radical forgiveness even save a life Exit 8A turns author A A Rutkowski s commute on its head and gently coaxes YOU to do the same with yours Eighteen inspiring and true stories are seen through eighteen lenses on her twice daily encounters of New York traffic congestion and super motion Through these stories you will experience and respond differently to the dreaded stress zones that especially affect mega commuters In between cups of coffee doses of varying aromas or chasing internet connectivity on the bus you ll likely be identifying with your own stories

Commuter Short Stories Arthur P. McMahan,2000 A book of contemporary short stories about everyday people in everyday situations who are

A Tale of Two Bridges Stephen Mikesell,2017-04-03 A Tale of Two Bridges is a history of two versions of the San Francisco Oakland Bay Bridge the original bridge built in 1936 and a replacement for the eastern half of the bridge finished in 2013 The 1936 bridge revolutionized transportation in the Bay Area and profoundly influenced settlement patterns in the region It was also a remarkable feat of engineering In the 1950s the American Society of Civil Engineers adopted a list of the Seven Engineering Wonders of the United States The 1936 structure was the only bridge on the list besting even the more famous Golden Gate Bridge One of its greatest achievements was that it was built on time in less than three years and came in under budget Mikesell explores in fascinating detail how the bridge was designed by a collection of the best known engineers in the country as well as the heroic story of its construction by largely unskilled laborers from California joined by highly skilled steel workers By contrast the East Span replacement which was planned between 1989 and 1998 and built between 1998 and 2013 fell victim to cost overruns in the billions of dollars was a decade behind schedule and suffered from structural problems that has made it a perpetual maintenance nightmare This is narrative history in its purest form Mikesell excels at explaining highly technical engineering issues in language that can be understood and appreciated by general readers Here is the story of two very important bridges which provides a fair but uncompromising analysis of why one bridge succeeded and the other did not

That's What I Call Commuting Ed Gabrielse, Mike Holinka,2003 This book was written based on my experiences in matters of the heart I realize that at times the heart tells us things that our brains don t comprehend but we know that we really feel this way Take for instance teenagers I suppose that when we mature as adults we say that we were infatuated with love or that we really didn t love the person that we were in love with Please let me tell you that this process of thinking is wrong Feelings are feelings and we must deal with them whether real false love hate etc Shouldn t it be us that deal with our feeling and not have our feelings deal with us Are we that lovesick heartbroken teen that aches for someone to love him her No so how dare we tell our daughter son what to feel I believe that be should let teens express and deal with their own feelings and only offer sympathetic understanding and sound advice unless of course they will be physically hurt then that protective mother lion in all of us have to say something So how do we teach our children what love means We don t I mean will they believe us anyway I believe that in matters of the heart words can speak louder than action and perhaps poetry is the path to do so I mean what is a lyric but poetry in music and what is speech but poetry in motion Perhaps by reading this book someone who is heartbroken will look at the good things in a relationship and reflect on those good things as a learning experience and also learn from the bad things as well By doing so he she will not make the same mistake again we hope I

hope that I have shed some light on this crazy thing called love and have made at least one person whether male female adult or child especially teenagers feel that there will ALWAYS be someone in the world aside from God who knows what he she is going through has been there and had learned from these experiences whether good or bad and will turn them into a beautiful gift for all the world to share [Next Stop! MacDonald,2010-04-25 Welcome to train travel meet the daily commuter and see how he differs from all others and laugh at the real life stories You probably think that riding a train is a simple thing to do Just get on sit down relax and enjoy the ride Well for many that may be the case But for those that ride the rails every day they know that it is much more scientific Does it matter what car to board What seat to sit in You may not think so Or maybe it does **FROM VAN-DWELLER TO**
