Mapping South Asian Masculinities Chandrima Chakraborty,2017-10-02 This book offers the first substantial critical examination of men and masculinities in relation to political crises in South Asian literatures and cultures It employs political crisis as a frame to analyze how South Asian men and masculinities have been shaped by critical historical events events which have redrawn maps and remapped or unmapped bodies with different effects These include colonialism anti colonialism state formations civil wars religious conflicts and migration Political crisis functions as a framing device to offer nuances and clarifications to
