Roe, Mary J. Waller, Stewart R.

Clegg, 2008-09-09 Today there is widespread awareness of the fact that time has been under investigated in organizational studies This book addresses the need to bridge the gap between the predominantly timeless theories and models that scholars have produced and the daily experiences of employees and managers in which time is salient and extremely important These chapters offer a broad range of concepts models and methods that are tailored to this purpose The first part of the book is devoted to the way in which people in organizations manage time summarizing research findings presenting novel ideas on a broad range of issues and examining issues such as whether time can be managed how people are affected by deadlines and how do strategic changes in organizations affect individuals careers and sense of identity The second part is about time as embedded in collective behaviours and experiences and in temporal regimes linked to organizational structures It discusses ways to study such collective patterns and their relationships to management practices and addresses topics such as sensemaking of dynamic events rhythmic patterns and their impact on organizational effectiveness time in industrial relations and power and temporal hegemony A third part with a single concluding chapter looks at possibilities for integrating the various approaches and provides suggestions for future research This book adopts a pluralistic approach arguing against timeless conceptions in organizational theory and behaviour and instead emphasising the importance of temporal analysis

Trust Management, 2004 **The Expository Times** James Hastings, Ann Wilson Hastings, Edward Hastings, 1900 **Trust and Power on the Shop Floor** Maarten Johannes Verkerk, 2004 Annotation In his book Verkerk investigates the shop floor processes of modern factories Two ethnographical case studies are presented from the perspective of a factory manager He shows that high trust and high power relations between management and employees are the basic conditions for responsible accountable and successful organisations In a philosophical argument he develops an ethics of responsibility combining the ideas of humanity trust and power on the shop floor and the normative development of organisational structures

The Expository Times, 1894 The Kathiawar Law Reports ..., 1908 *Trust* F. R. Ankersmit, Henk te Velde, 2004 The last twenty years have witnessed the world wide triumph of democracy We now know that democracy is the only political system that enables us to face the challenges of modernity and of the future But we also know that democracy is more than democratic institutions alone Democracy must also somehow be inscribed in the hearts of the citizens What then are the socio psychological demands of democracy There is near to unanimous agreement that trust is decisive here democracy can only thrive in a society of citizens prepared to trust each other and acting on the belief that mutual benefits are to be expected from co operation Thus far research has preferred to focus on trust between private citizens or groups of private citizens The political dimension of trust has only rarely been addressed The present collection of historical and theoretical studies attempts to fill this lacuna It answers the question of why and under what circumstances citizens will trust or distrust the democratic state It also addresses a paradox of democracy democracy needs the cement of trust but trust should not be
