Rumpelstiltskin's Secret Harry Rand, 2019-12-09 Everyone knows Rumpelstiltskin's story or thinks they do But this innocent seeming tale hides generations of women's shrewd accounts of their relationships with men And the verdict is not flattering The fairytale may count among the world's oldest dirty jokes The theme of the tale an observation repeated and varied throughout mocks male inadequacy in many forms beginning with sexual failure The punchline misplaced over time its wickedly funny insights about adult life passed for childish nonsense The story hides in plain sight criticism of workplace sexual harassment centuries before society took notice of the indignity Rumpelstiltskin tells a feminist tale with lessons for men and women about what women said to each other when they thought their private conversation and complaints passed unnoticed In the story's different versions the Brothers Grimm who recorded the tale missed women's wry observations

Law and the Web of Society Cynthia L. Cates, Wayne V. McIntosh, 2001-07-31 From birth certificates and marriage licenses to food safety regulations and speed limits law shapes nearly every moment of our lives Ubiquitous and ambivalent the law is charged with both maintaining social order and protecting individual freedom In this book Cynthia L Cates and Wayne V McIntosh explore this ambivalence and document the complex relationship between the web of law and everyday life They consider the forms and functions of the law charting the American legal structure and judicial process and explaining key legal roles They then detail how it influences the development of individual identity and human relationships at every stage of our life cycle from conception to the grave The authors also use the word web in its technological sense providing a section at the end of each chapter that directs students to relevant and useful Internet sites Written for upper level undergraduate and graduate students in law and society courses Law and the Web of Society contains original research that also makes it useful to scholars In daring to ask difficult questions such as When does life begin and Where does law begin this book will stimulate thought and debate even as it presents practical answers
