Vipers Kib:

Reading Sumerian Poetry Jeremy Black,2000-12-01 An analysis of the oldest form of poetry Sumer in the southern part of Iraq created the first literary culture in history as early as 2500BC The account is structured around a complete English translation of the fragmentary Lugalbanda poems narrating the adventures of the eponymous hero The study reveals a work of a rich and sophisticated poetic imagination and technique which far from being in any sense primitive are so complex as to resist much modern literary analysis

The Zionist Paradox Yigal Schwartz,2014-09-02 Many contemporary Israelis suffer from a strange condition Despite the obvious successes of the Zionist enterprise and the State of Israel tension persists with a collective sense that something is wrong and should be better This cognitive dissonance arises from the disjunction between place defined as what Israel is really like and Place defined as the imaginary community comprised of history myth and dream Through the lens of five major works in Hebrew by writers Abraham Mapu 1853 Theodor Herzl 1902 Yosef Luidor 1912 Moshe Shamir 1948 and Amos Oz 1963 Schwartz unearths the core of this paradox as it evolves over one hundred years from the mid nineteenth century to the 1960s

Chinese and Sumerian Charles James Ball,1913 Israeli Mythogynies Esther Fuchs,2012-02-01 This book is the first to systematically examine the representation of women by mainstream Hebrew authors from the Palmah Generation to the New Wave Fuchs unique analytical method exposes the male centered bias which often inspires the works of such prominent and widely translated authors as S Yizhar Moshe Shamir A B Yehoshua and Amos Oz She exposes both the continuities and the transformations in the literary representations of women and explains them in innovative ways grounded in aesthetic social political and cultural conditions and ideologies The bold and unexpected discoveries offered by this book illuminate the complex ways in which Israel s political predicaments for example affect the representation of women as well as the various ways in which Israeli literature uses female images to express the anxiety and frustration arising from these predicaments This pioneering study will be invaluable to feminist literary critics scholars and teachers and students of modern Hebrew literature
