*Human Values and Verities* Henry Osborn Taylor,1928     *PHILOSOPHY AND WORLD PROBLEMS - Volume I* John McMurtry,2011-12-11 Philosophy and World Problems theme is a component of Encyclopedia of Social Sciences and Humanities in the global Encyclopedia of Life Support Systems EOLSS which is an integrated compendium of twenty one Encyclopedias The Theme on Philosophy and World Problems deals in three volumes and covers several topics with a myriad of issues of great relevance to our world on Philosophy and World Problems Philosophy resists conclusions because its method across disagreements like modern science to which it gives rise always leaves issues open to counter argument and furtherance of understanding This is how philosophy differs from religious sectarian and other dogmas and closed systems of thinking Yet agreement across the research contributing to this work is implicit or explicit on one meta principle whatever is incoherent with organic social and ecological life requirements through time is false and evil to the extent of its reduction and destruction of life fields and support systems These three volumes are aimed at a wide spectrum of audiences University and College Students Researchers and Educators     **Understanding Human Values** Milton Rokeach,2008-06-30 This volume presents theoretical methodological and empirical advances in understanding and also in the effects of understanding individual and societal values     *The Ground and Goal of Human Life* Charles Gray Shaw,1919     **Values in Human Society** Frank Richard Cowell,1970     *Human-Centered Software Engineering* Regina Bernhaupt,Carmelo Ardito,Stefan Sauer,2022-08-22 This book constitutes the refereed conference proceedings of the 9th IFIP WG 13.2 International Conference on Human Centered Software Engineering HCSE 2022 which was held in Eindhoven The Netherlands during August 2022 The 11 full papers presented together with 2 poster and demo papers were carefully reviewed and selected from 25 submissions The papers focus on the interdependencies between user interface properties and contribute to the development of theories methods tools and approaches for dealing with multiple properties that should be taken into account when developing interactive systems They are organized in the following topical sections user centred design approaches model based and model driven approaches software development strategies and posters and demos     **Kant on Human Dignity** Oliver Sensen,2011-10-27 Immanuel Kant is often considered to be the source of the contemporary idea of human dignity but his conception of human dignity and its relation to human value and to the requirement to respect others have not been widely understood Kant on Human Dignity offers the first in depth study in English of this subject Based on a comprehensive analysis of all the passages in which Kant uses the term dignity as well as an analysis of the most prominent arguments for a value of human beings in the Kant literature the book carefully examines different ways of construing the relationship between dignity value and respect for others It takes seriously Kant s Copernican Revolution in moral philosophy

Kant argues that moral imperatives cannot be based on any values without yielding heteronomy. Instead, it is imperatives of reason that determine what is valuable. The requirement to respect all human beings is one such imperative. Respect for human beings does not follow from human dignity for this would violate autonomy, but is an unconditional command of reason. Following this train of thought yields a unified account of Kant's moral philosophy.
