## **Stranger In China:**

*Stranger in China* Colin McCullough, 1972-01-01      **Stranger in China** Colin McCullough, 1973      **No Chinese Stranger** Jade Snow Wong, 1975-01-01      **Strange Stories from a Chinese Studio** Songling Pu, 1908      **The Stranger and the Chinese Moral Imagination** Haiyan Lee, 2014-11-12

In the last two decades China has become a dramatically more urban society and hundreds of millions of people have changed residence in the process. Family and communal bonds have been broken in a country once known as a society of kith and kin. There has been a pervasive sense of moral crisis in contemporary China and the new market economy doesn't seem to offer any solutions. This book investigates how the Chinese have coped with the condition of modernity in which strangers are routinely thrust together. Haiyan Lee dismisses the easy answers claiming that this moral crisis is merely smoke and mirrors conjured up by paternalistic overwrought leaders and scholars or that it can be simply chalked up to the topsy-turvy of a market economy on steroids. Rather, Lee argues that the perception of crisis is itself symptomatic of a deeper problem that has roots in both the Confucian tradition of kinship and the modern state management of stranger sociality. This ambitious work is the first to investigate the figure of the stranger: foreigner, peasant, migrant, bourgeois, intellectual, class enemy, unattached woman, animal, across literature, film, television, and museum culture. Lee's aim is to show that hope lies with a robust civil society in which literature and the arts play a key role in sharpening the moral faculties and apprenticing readers in the art of living with strangers. In so doing, she makes a historical comparative and theoretically informed contribution to the on-going conversation on China's civil society.

**Chinese Urbanism** Mark Jayne, 2018-05-11. This book provides a definitive overview of contemporary developments in our understanding of urban life in China. Multidisciplinary perspectives outline the most significant critical, theoretical, methodological, and empirical developments in our appreciation of Chinese cities in the context of an increasingly globalized world. Each chapter includes reviews and appraisals of past and current theoretical development and embarks on innovative theoretical directions relating to Marxist, feminist, post-structural, post-colonial, and more than representational thinking. The book provides an in-depth insight into urban change and considers in what ways theoretical engagement with Chinese cities contributes to our understanding of global urbanism. Chapters explore how new critical perspectives on economic, political, social, spatial, emotional, embodied, and affective practices add value to our understanding of urban life in and beyond China. *Chinese Urbanism* offers valuable insights which will be of interest to students and scholars alike working in geography, urban studies, Asian studies, economics, political studies, and beyond.

[China's Innovation Economy](#) Jon-Arild Johannessen, 2021-09-30. Two trends will have more influence than anything else on the world's future: political and economic situation, the development of artificial intelligence, and the emergence of China as a competitor to the United States on the international stage. This book is about the emerging innovation economy. It uses systems theory and evolutionary economics as a theoretical point of departure and explains why the focal point of the geopolitical stage is moving away from the alliance

between the United States and Europe and towards an alliance between China the 14 Regional Comprehensive Economic Partnership countries the countries along the new silk road and Europe The book argues that the globalization strategy of neoliberalism laid the foundation for the Chinese economic engine Whereas the old globalization was driven by cost differences generally and wage costs specifically the new globalization is driven by divergence in competence in general and technological competence in particular and China s primary goal is to develop artificial intelligence and intelligent robots Further the book posits that the interactions between the climate crisis and the new technology will change production distribution and the creation of profits both in China and more widely in the global innovation economy The book develops a structure to describe analyze and explain the Chinese innovation economy and contributes to the discussion regarding technological developments in China The book is written for readers who are oriented towards the new globalization that is emerging in the innovation economy and the factors driving China s economic growth **China** George Waldo Browne,1901

**Structural Change and Evolution of China's Internet Society** Liu Shaojie,2022-11-28 This title investigates China s network society both its online cyber society and offline real world society by analyzing the trends and social foundations of society as network and the social challenges it poses as well as structural changes in social space and social interaction The first part of the book examines how network society in China forms and develops analyzing the challenges and structural changes it poses The author studies network power and uncertainties that lies in the supply flow and reception of a massive amount of information revealing how this influences the government s administrative power as well as governance measures to stabilize social cohesion The second part first discusses the social restructuring and characteristics of network social space in China Based on case studies of several momentous social events the spatial change characterized by an integration of absence and presence space and its influence on social interaction and experience is elucidated including active absence interaction mediated experience spatial representation and social identities of network aggregation The book will be a crucial reference for scholars and students studying sociology network sociology and contemporary Chinese society Strange Stories from a Chinese Studio Songling Pu,1969 *Strangers in the Family* Guo-Quan Seng,2023-11-15 In *Strangers in the Family* Guo Quan Seng provides a gendered history of settler Chinese community formation in Indonesia during the Dutch colonial period 1816 1942 At the heart of this story lies the creolization of patrilineal Confucian marital and familial norms to the colonial legal moral and sexual conditions of urban Java Departing from male centered narratives of Overseas Chinese communities *Strangers in the Family* tells the history of community formation from the perspective of women who were subordinate to and alienated from full Chinese selfhood From native concubines and mothers creole Chinese daughters and wives and matriarchs to the first generation of colonial educated feminists Seng showcases women s moral agency as they negotiated manipulated and debated men in positions of authority over their rights in marriage formation and dissolution In dialogue with critical studies of colonial Eurasian intimacies this book explores Asian centered inter ethnic patterns of

intimate encounters It shows how contestations over women's place in marriage and in society were formative of a Chinese racial identity in colonial Indonesia **China Digest**, 1930 **China.
