**The Colonial Laws of New York from the Year 1664 to the Revolution** New York (State),1894 Annual Report New York (State). Board of Charities,1904 The Stranger as My Guest Michel Agier,2021-01-14 The migration crisis of recent years has elicited a double response on the one hand many states have responded by tightening border controls in an attempt to restrict population movements while on the other hand many citizens have responded by welcoming new arrivals offering them shelter food and whatever help they could provide By so doing they have re awakened an old form of anthropology that was long considered to be dead that of hospitality In this book Agier develops an original anthropology of hospitality that starts from the reality of hospitality as a social relationship albeit an asymmetrical one in which each party has rights and duties He argues that with the decline of state and religious support hospitality is now making a comeback at individual and municipal levels but these local initiatives while important are insufficient to respond to the scale of migration in the world today We need a new hospitality policy for the modern era one that will regard hospitality as a right rather than a favour and will treat the stranger as a guest rather than as an alien or an enemy This timely and original book will be of great interest to students and scholars in anthropology sociology and the social sciences generally and to anyone concerned with migration and refugees in the world today

Department of Social Services,1904 **Cobbett's Parliamentary Debates** ,1882 *The Wireless World and Radio Review* ,1926 **Philosophy after Friendship** Gregg Lambert,2017-04-20 The friend the enemy the stranger the refugee or deportee and the survivor In singular and provocative fashion Gregg Lambert s *Philosophy after Friendship* introduces us to the key social personae that have populated modern political philosophy Drawing on the philosophies of Deleuze and Derrida as well as the work of Indo European linguist mile Benveniste Lambert constructs a genealogy to demonstrate how political thought has been structured by the emergence of such conceptual personae At the center of *Philosophy after Friendship* is the persona of the friend together with the idea of friendship on which the democratic ideals of consensus fraternity and equality are based Lambert argues that the vitality of this conceptual persona originated by the Greeks has been exhausted by centuries of war In fact we might today be witnessing the overturning of an earlier philosophical idealism that saw friendship as the destination of the political and in its place the emergence of a nonphilosophical understanding that has set perpetual war as the ultimate ground from which future thinking of the political must depart In his Conclusion Lambert proposes a truly postwar philosophy that takes as its first principle the idea of perpetual peace which would require nothing less than a complete reevaluation of the goals of any future political philosophy if not the meaning of philosophy itself
