Human Resource Management Michael Beer, 1985 International competitive pressures the increasing size and complexity of organizations the changing values career concerns and demography of the work force these and a host of other factors have made the modern corporation s traditional approach to personnel management permanently obsolete Developed and proven over the last half decade at the Harvard Business School this pathbreaking text brings together thirty authentic business cases to illustrate the broader more comprehensive more strategic perspective managers especially general managers must take to utilize and conserve a firm s increasingly valuable human resources in the 1980s and beyond Human Resource Management explores four major policy areas Employee influence discusses management s task of delegating appropriate power and responsibility over business goals pay working conditions job security and related issues Managing human resource flow examines the responsibility managers share in handling the flow of employees through an organization

from recruiting them and appraising their performance to formulating guidelines on career development promotion outplacement and fair treatment Reward systems looks at the objective of designing and administering a system of rewards to attract motivate and retain employees And work systems considers how managers define design and supervise work itself whether it be at a manufacturing plant or in an office setting Each policy area receives a thorough introduction by the authors including a conceptual overview and necessary background information concerning institutional arrangements and typical personnel practice and is followed by several cases presenting HRM problems and approaches in a range of real world business settings Lucid richly detailed and consistently stimulating the cases permit students to develop their skills in diagnosing a firm's human resource policies and recognizing their long term consequences integrating human resource policies into a corporation's overall competitive strategy creating mechanisms for employee influence and participation as well as assessing the potential for union management collaboration designing and administering reward systems that complement other HRM changes implementing practical effective work systems that dramatically improve employee commitment and competence Throughout Human Resource Management demonstrates that HRM policy decisions can no longer be delegated as a functional specialty that HRM strategy must fit competitive strategy that HRM involves investment decisions with long term implications and that employees are a major stakeholder whose interests can and must be acknowledged by top management By presenting HRM as a coherent proactive rather than reactive management model it provides business students with the critical resources they will need to promote sound and productive relations between their organization and its employees

Human Resource Strategy: A Behavioral Perspective for the General Manager George F. Dreher, Thomas W. Dougherty, 2001-02-07 This is a new kind of human resource management text because it is written with the general manager in mind The text provides a base of key organizational behavior material on why employees behave as they do and how to promote behavior required to implement a focused business strategy using staffing development and reward systems Organized around the concept of creating integrated HRM systems students first learn about the processes that explain work behaviors Students are then acquainted with key issues such as linking HRM systems to a firm's business strategy That knowledge is then used to design an integrated set of HRM practices promoting the behaviors needed for a particular organization The text provides detailed and practical examples of the entire process of assessing an organization and designing integrated staffing development and reward practices As a result students become better informed consumers of the specialized services provided by in house human resource professionals and outside consultants and gain insight into how to translate theory into practice
