The Transparent Hero:

The Transparent Hero James Forte, 1995-09-01 *Handbook of Heroism and Heroic Leadership* Scott T. Allison, George R. Goethals, Roderick M. Kramer, 2016-10-04 Over the past decade research and theory on heroism and heroic leadership has greatly expanded providing new insights on heroic behavior The Handbook of Heroism and Heroic Leadership brings together new scholarship in this burgeoning field to build an important foundation for further multidisciplinary developments In its three parts Origins of Heroism Types of Heroism and Processes of Heroism distinguished social scientists and researchers explore topics such as morality resilience courage empathy meaning altruism spirituality and transformation This handbook provides a much needed consolidation and synthesis for heroism and heroic leadership scholars and graduate students *The Transparent Event* John P. Cock, 2001-06 from endorsements on back cover A valuable contribution to those who wrestle with enabling the tradition of faith to come alive within the pluriform global community Scholarly comprehensively sourced grounded readable and life addressing Heroic Leadership Scott T. Allison, George R. Goethals, 2024-12-30 Heroic Leadership is a celebration of our greatest heroes from well known legends to the legions of unsung heroes who transform our world quietly behind the scenes Now in its second edition this book offers a compelling conceptual framework for understanding heroism and heroic leadership drawing from theories of great leadership and heroic action With over 50 revised heroic leader profiles and 30 new profiles of individuals that have transformed the world the book explores the many counterintuitive ways that heroes lead shape and mobilize their followers The authors offer a definition of heroic leadership that explains how people easily misconstrue both leadership and heroism and provide an innovative take on why people are drawn to heroic leaders and why this can be considered a fatal attraction Incorporating the latest theory and research the authors unpack the following ten categories of heroism trending heroes transitory heroes transparent heroes transitional heroes tragic heroes transposed heroes transitional heroes traditional heroes transforming heroes and transcendent heroes From within these categories the authors identify 100 exceptional individuals describing their lives and how they exemplify the characteristics of the category they have been assigned Suggesting that our most cherished heroes make for our most transforming leaders this is a vital resource for students and scholars of leadership studies organizational behaviour and social psychology Presenting valuable insights into the lives of both historical and modern leaders the book is also a fascinating read for casual readers On heroes, hero-worship, and the heroic in history, ed. by A.R. Marble Thomas Carlyle, 1897 *Leadership Paradoxes* Richard Bolden, Morgen Witzel, Nigel Linacre, 2016-02-05 Leadership Paradoxes was shortlisted for the 2017 Management Book of the Year an industry book award organised by the Chartered Management Institute and the British Library Leadership remains one of the most sought after qualities in contemporary society yet after centuries of research education and debate it remains just as elusive as ever Leadership Paradoxes Rethinking Leadership for an Uncertain World argues that the key to understanding and enhancing leadership

education theory and practice lies in the recognition of its paradoxical tendencies Drawing on the expertise of an international team of leadership scholars and practitioners this book examines common leadership paradoxes and challenges faced by leaders and shows how they can be reconceived as opportunities to be embraced rather than problems to be solved Readers will benefit from reflective questions at the end of each chapter plus a companion website at [www leadershipparadoxes com](http://www.leadershipparadoxes.com) offering further material and a forum for discussion Leadership Paradoxes will be valuable supplementary reading for students of leadership at advanced undergraduate postgraduate and post experience level as well as professionals seeking to improve their practice
