Although some persons may consider that people with disabilities cannot live ordinary lives as long as they believe in themselves they will survive Never allow a person or a situation to overpower you These words are as true today as they were when my father said them to me in 1945 when he realized that epilepsy would be with me for life Since then I have had five hip surgeries cancer cataract surgery and several other physical problems that could be considered disabling Yet I have obtained two bachelor s degrees one in Education and the other in Fine Arts a Masters degree in the Science of Psychology and am now enrolled in a Doctorate program at Walden University in Health Psychology We have had several deaths in the family in the past few years and the birth of my great granddaughter Sanania Machele Schumacher Drink this past May Life is always changing so why should people show bias to those who have Epilepsy Depression or Parkinson s disease simply because they are not understood We are constantly met with new challenges For every bad thing that occurs many more good things happen I am originally from Wharton Texas but I have lived all over the country and traveled abroad quite a bit Art writing and selling Mary Kay Cosmetics have enabled me continue to appreciate people as well as the many trials that occur We grow stronger through overcoming these trials I am a member of the American Medical Writers Association American Epilepsy Society International Association of Scientific Studies of Intellectual Disabilities as well as the Epilepsy Foundation of Connecticut I have been a member of the American Medical Illustrators organization as well I have spoken at medical conferences in 19 countries from Bombay to Beijing in an endeavor to make Epilepsy better understood Unraveling the Spider s Net Epilepsy Depression and Parkinson s Disease is an attempt to show people that the cause of people s difficulty is not the disorder as much as the attitude of the public to said disorders Epilepsy has been with us for many years yet it still is not understood In this book I have tried to portray persons with epilepsy as ordinary people who live ordinary lives in spite of their problems More people are suffering from epilepsy today as a side effect of Tumor surgery than was true twenty years ago If a person is determined to overcome a problem he or she will Emilia and George who were characters in Surviving the Spider s Net a Family s Struggle with Abuse and Epilepsy are faced with different and challenging problems in this book as they see their family grow and new problems such as Medicaid Social Security and Health care are faced Everything comes with a price Will they be able to meet the price
