Zigzagger Manuel Muñoz, 2003 Table of contents Zigzagger Manuel Muñoz, 2003-11-26 Table of contents *Gay Latino Studies* Michael Hames-García, Ernesto Javier Martínez, 2011-04-13 A collection of essays that explores the lives and cultural contributions of gay Latino men in the United States and analyzes the political and theoretical stakes of gay Latino studies Bridges, Borders, and Breaks William Orchard, Yolanda Padilla, 2018-10-26 This volume reassesses the field of Chicana o literary studies in light of the rise of Latina o studies the recovery of a large body of early literature by Mexican Americans and the transnational turn in American studies The chapters reveal how Chicano defines a literary critical sensibility as well as a political one and show how this view can yield new insights about the status of Mexican Americans the legacies of colonialism and the ongoing prospects for social justice Chicana o literary representations emerge as significant examples of the local that interrogate globalization s attempts to erase difference They also highlight how Chicana o literary studies interests in racial justice and the minority experience have produced important intersections with new disciplines while also retaining a distinctive character The recalibration of Chicana o literary studies in light of these shifts raises important methodological and disciplinary questions which these chapters address as they introduce the new tools required for the study of Chicana o literature at this critical juncture **On Making Sense** Ernesto Javier Martínez, 2012-10-31 *On Making Sense* juxtaposes texts produced by black Latino and Asian queer writers and artists to understand how knowledge is acquired and produced in contexts of racial and gender oppression From James Baldwin s 1960s novel *Another Country* to Margaret Cho s turn of the century stand up comedy these works all exhibit a preoccupation with intelligibility or the labor of making sense of oneself and of making sense to others In their efforts to make sense these writers and artists argue against merely being accepted by society on society s terms but articulate a desire to confront epistemic injustice an injustice that affects people in their capacity as knowers and as communities worthy of being known The book speaks directly to critical developments in feminist and queer studies including the growing ambivalence to antirealist theories of identity and knowledge In so doing it draws on decolonial and realist theory to offer a new framework to understand queer writers and artists of color as dynamic social theorists The Social Imperative Paula L. Moya, 2015-12-23 In the context of the ongoing crisis in literary criticism *The Social Imperative* reminds us that while literature will never by itself change the world it remains a powerful tool and important actor in the ongoing struggle to imagine better ways to be human and free Figuring the relationship between reader and text as a type of friendship the book elaborates the social psychological concept of schema to show that our multiple social contexts affect what we perceive and how we feel when we read *Championing and modeling* a kind of close reading that attends to how literature reflects promotes and contests pervasive sociocultural ideas about race ethnicity gender and sexuality Paula M L Moya demonstrates the power of works of literature by writers such as Junot Diaz Toni Morrison and Helena Maria Viramontes to alter perceptions and reshape cultural imaginaries Insofar as

literary fiction is a unique form of engagement with weighty social problems it matters not only which specific works of literature we read and teach but also how we read them and with whom This is what constitutes the social imperative of literature
