

# Storytelling Lesson Plan

**T**he art of storytelling and its history can be fascinating for kids. Get kids pumped about storytelling through this fun lesson plan.

## Lesson Materials

To complete this lesson with your students, you need:

- fables to read to the students
- paper with space for words, sentences and picture

## Lesson Objectives

After the completion of the lesson, students will:

- answer questions about the story and predict what will happen next
- offer their own examples of morals and lessons to the rest of the class
- draw pictures and write sentences demonstrating their understanding of the lesson

## Fable Lesson Plan Introduction

Start by giving students a short history of fables and oral traditions. Then, read the fable example out loud to the students. Select a book that is not too challenging for the students at beginning levels but not too boring for the more advanced students.

1. Throughout the course of the reading, stop and ask questions such as:
  - What do you think will happen next?
  - What is this character like?
  - Can you tell me what happened so far in the story?
2. These questions serve to introduce students to the art of storytelling and the important aspects of listening and reading.

## Teach Moral Concept and Discussion

Once the story is finished, introduce the concept of the moral of the story.

1. Ask students the following question:
  - What did you learn from listening to this story?
2. Allow several students to provide an answer.
3. Use this discussion to segway into a brief lecture on the moral of a story.
4. Provide a clear definition of the moral of a story.
